5 Peaceful Day has started brilliantly with four wins in seven races. He has also put in two good performances after a layoff and here we think that Kontio goes for the lead. Good chance. **1 Mahakala** is also really good for this field. Now coming back after a pause and this number could be a bit tricky. Has to be considered early anyway behind our favorite. **7 Good Manners** took two wins in a row in December and finished well in the last race at Solvalla. On the way up and with the right trip he can definitely fight for victory. **8 Howtoreach W.F.** has only taken one win in 13 starts and has got a difficult lane but we have respect for the combination Magnus A Djuse/ Fredrik Wallin. Could surprise.

4 Readlyspirit won nicely from the lead two starts back and was not empty after an inside trip in the last race. We think Oskar J Andersson is aiming for the lead here and from there they will be hard to beat. **1 Plättan** has started quite well and won at today's track in the beginning of February. Should get a nice trip from here and is a contender behind our favorite. **11 My D.X.One** hasn't won yet but put in a couple of good performances. He sprinted well in the last race and is driven again by Fredrik Plassen. **7 Dixon Face** is also waiting for his first win. Galloped in the debut for Roger Walmann last time but has had winter training now and should be considered directly in the first start of the season. Driven by Christer Nyström.

8 Tangelo has done really well in the V85 towards the end and faces easier horses here. Has had a break but we expect him to be well prepared. Will probably be driven offensively despite this number and could take the lead. Good chance regardless. **12 Point Blank** also had a good season last year. Was second from the lead last time and has two runs under his belt now. Bad lane but early choice. Henrik Nilsson is driving this time. **7 Staro Raymond** has not won for a long time and is coming back after a very long layoff. The form is hard to predict but the horse is certainly good enough for this company. **2 Yatzy Töll** won at this track in the seasonal debut. Has mostly kept up the pace towards the end and is coming off a layoff. Good number but is driven by the trainer this time.

10 Västerbo Exciting is a fantastic horse for Åke Lindblom. He started straight away with a win last time over today's long distance. Will be exciting to follow this year and should have a good chance to pass all. **1 Millstout** was closely defeated from the lead two starts back in his only start in Sweden. Finished quickly to victory in the last bigger race in Norway but has had a break since then. Ulf Ohlsson will certainly go for the lead. **7 Caspian Bro** is a very nice horse for Markus B Svedberg. Took six wins in 15 starts last year but galloped in the lead in his comeback last time. Looking for revenge here. **11 Battuta Face** is stable companion to Caspian Bro. The horse earned nice money under the saddle in France last year and is a bit hard to predict in his comeback here. Simon Helm drives.

6 MacKenzie Bro has been consistent and good so far. Seasonal debut now but has a clearly good task and we expect the horse to be well prepared. Gets an offensive trip? **10 Dream Loverboy** is clearly better than the latest results show. Has been matched in the V85 lately and faces easier opposition this time. Early choice. **9 Timotejs Gamble** has already taken two wins this year. Galloped last time but if he avoids a mistake this time he is good enough to fight for victory. Needs a bit of luck though. **15 Who's In Charge** faces the best conditions but has therefore also got a really difficult starting position. Has competed against clearly better horses towards the end. Hopes for quick pace.

10 Going Cash is probably the best horse in this field but he has a difficult lane over this short distance. Hopes for quick pace and is our pick anyway. **4 Frazze** can open very fast and is our favorite for the lead despite several fast competitors. Scored a good win from the front in the last race. **2 Apollo Prophet Call** is an early choice for us. The horse is in brilliant form and has done well of late without winning. Good lane and should get a nice trip. **1 Karat C.N.** is hard to predict. Has not convinced in two starts for Jörgen Westholm but can do better. Magnus A Djuse now. Where do they end up from here?
