4 Dino Cream made his first start for Oskar Kylin Blom in the last run and won directly. Had not raced for a long while before that and should normally be even better now. 10 Snowy Me has either won or galloped lately. Has won in the front so this number is tricky. 7 Idoanythingforlove won with energy left two starts back. Tricky number but will fight for victory with the right trip. 2 Snick Chick is not bad and this number is nice. Interesting outsider here.

6 Midyat Zaz would have fought for victory without a mistake on the home stretch in the seasonal debut. Got a two months' break after that again but is our pick here. **3 My Honky Tonk Man** was heavily backed despite a poor number in the V75 on Gävle in May. Has not convinced after that but is better than the latest results show. **7 Mellby Kaliber** is not reliable but if he trots well he is good for this class. Has to be followed. **9 White Walker** had throat problems in the debut for Kylin Blom. Has won five out of ten races so far and should not be overlooked.

6 Sansa Star found the position behind the leader (but got fined for that) in the last run. Finished well when finding room. Our pick here. **11 Glorious Flow** has started twice for the new trainer and won both. Driver Emelie Pettersson has driven seven races this year and won six out of them. **5 Victory Caelus** won in the lead in the last run. Will go for the front again and should be considered early. **9 Hagrid** kept up the pace alright from behind the leader in the last run. Outsider here but needs some racing luck.

1 Tangen Birk galloped twice in the last run. Won the race before over 2640 meter so he stands this distance. Nice number and our winner. 8 Guldhagens Odd has good speed when he avoids a mistake. Scored an outstanding win on July 13th and has to be considered early again. 6 Bork Tekla is not reliable at all. She won with energy left when she avoided a mistake two starts back. In the mix. 7 Slotts John galloped with one lap to go in the last run and came back well. Should not be overlooked behind our winner.

2 Hawker Typoon won easily in the lead in the last race on Rättvik over this distance. Three starts back he was second behind Power. Good chance here. 4 Mon's Tornado has had energy left at the end in the last two runs. Will soon score the first victory of this season. Early contender. 3 Haitkin Am has won nine out of 19 starts. Resumes from a spell and makes his debut for a new trainer. Has to be considered early. 9 les Elisabet has competed a lot under the saddle lately. Is a good sulky horse too. Outsider.

10 Loaded Leila is our pick in this tricky race for fillies and mares. She scored a strong victory two starts back after parking early outside of the leader. 9 Hazyshadeofwinter has been matched against quite tough opponents lately and the horse is better than the latest results show. With the right trip she will fight for victory here. 11 Al's Starlicious would have won without a mistake shortly before the finish three starts back. She could defeat all opponents with the right trip. 7 M.T.Ravishing is a bit up and down but when she is at her best she is possible here.
