4 Ever Loving won easily for the trainer in August after a good final lap. Is driven by him again here and should have a good chance. 10 Twins Saki scored an easy victory three starts back and has shown good form from the back after that too. Contender. 12 Global Dependable is poorly drawn but if he is as good as when he scored his two wins earlier this season he will be dangerous. 6 Mayfly Sock has had good results lately when avoiding a mistake. Should get a nice start with this number.

5 Månrappla A.M. has scored three good wins. Faces nice conditions here since all opponents have earned less money even those who face a handicap. Good chance. 1 Tora Viola won easily in the lead in the last run but had scored three earlier wins after different journeys. Early contender. 7 Deviljas Kloker gave up at the end in the last stayer race and this distance should suit the horse better. Place chance. 8 M.P.Atlas makes his debut for a new trainer and is good enough to be in the mix.

1 Grand Duke scored a good win despite a handicap in July. Has been improved lately and in the last run he put in a strong effort after a tough journey. Our pick. 9 Oh Cean scored a nice win in a good time over the short distance in August. If he is at his best he is good enough to win this. 3 Mästarnas Mästare won in the lead two starts back and with this nice number and this good driver he has to be considered. 7 Charlotta S.H. put in a good effort to finish second with this driver in July against tougher opponents. Should not be overlooked.

1 Global Deadline has won almost half of her starts. She won Kriteriet in Estonia as a three-year-old and has scored six wins in Estonia this year. 7 La Fille de Niky has shown good form lately and after a second spot in Mantorp she won comfortably in the last race on Romme. Will test the short distance for the first time. 5 Edsinette has started three times after a layoff and been improved. Has to be followed. 9 L.A.Avanza made her seasonal debut first in August but put in a good effort in the last run and should not be overlooked.
