1 Tekno Tana ended last year by leading from start to finish in a V75 race. Despite earning a lot of money, the horse faces nice conditions money-wise in this race as a mare. From the front, she is the horse to beat. **5 Borkvinn SK** has galloped on the way to good results twice in a row. Has good capacity and is in fine form. **4 Vinn Tabac** has scored a couple of good victories in a row lately and thus stepped up a bit in class. Chasing the fifth straight win. **11 Teknopys** is not completely reliable. However, the horse owns good strength and capacity.

10 Exactement finished with lots of energy left last time and now steps down in class. This lane over a short distance is not perfect and the horse uses to get defensive trips by the skilled Tomas Pettersson. However, with the right journey she should have a good chance of defeating these opponents. **8 Elysia** has run two races since her layoff and won both. **6 Andante TM** got locked in with plenty of energy left last time. **4 Beluga Launcher** faces optimal conditions and is the dark horse in this race.
