## RANK

11 **Monster Merete** has five wins in eleven starts this year and comes with two straight victories. She is probably the best horse in this company and our pick here. 13 **Valle Borka** is consistent and good. With the right trip from the back during the final lap we think she will beat many opponents here. 10 **Lykkje Tuva** won the seasonal debut in March but got a break after that again. Has good pace for this class. 6 **Pålly Tulla** won in the lead the last time she visited Romme. Faces somewhat tougher horses now but this number is nice again.

4 H stbolillemor galloped twice in the last race but showed good form a bit behind the winner. If she avoids a mistake here she should have a good chance with this nice number. 11 Rein Flax has two wins in a row. Won in the lead two starts back but is good from the back too. With the right trip the horse will beat many opponents here. 9 Stommens Berta is chasing the first win for the new trainer. Looks nice and will soon score a victory. Is fast for this class. 5 Grude Bambi won three out of eight races last year. The form is still a question mark but the horse came back alright after a mistake in the last race.

1 Erv Zet scored a good win from outside the leader in the last race. Should have a good chance to find the lead with this number and is our winner. 12 Your Dreamlove is interesting in this seasonal debut. She showed quite good pace last season as a four year old and makes her comeback here for a new trainer. 13 Kainai Goj has got a tricky number in this seasonal debut. If he avoids a mistake he should be considered directly here. 8 Majestic Up has started this year with two wins in a row. Tougher opponents now but should not be overlooked.

## RACE 7, V64-4

Volt 3140

11 Hugo Bäck fought well in the lead in the last run and showed good form. Different number now and longer distance but the horse is all-round. Our pick. 1 Nordby Kuling galloped with 550 meter to go in the last V75-race. The horse likes the long distance and he should be considered early now even if he has not won for a while. 8 Bokli Rapp has not been successful this year. We think he needed the last race after a short break. Contender. 7 Höstbo Elis likes the long distance. Possible if he stays calm.

6 Eld Tekno has been at least second this year in five attempts. Finished strongly the last 800 meter in the last race and should have a good chance again. 10 Oppgårdssdrängen faces tougher conditions now compared to the last race where he beat our pick. Should be considered early anyway here but needs some racing luck. 5 Wolt would have been in the mix in the last run without a mistake in the final turn. He had a 20 meter advantage towards our pick then but should be followed anyway here. 7 Soldhöjdens Drake is still waiting for the first win of this season. Could score it here and is an outsider.

4 Västerbo Lexington met tough opponents in the last race and scored a strong fourth spot at the end after finishing 10/800. Faces nice conditions here. Our winner. 2 Manuzio Hanover got a tough start to the position outside of the leader in the last race and was brave. Nice number and could score the first win of the year here. 6 Quarcia scored a nice victory in the seasonal debut. Likes to be driven by Kim Moberg and we think she will beat many opponents here with the right trip. 11 Twinkle Face was not empty when she got interfered to a mistake from behind the leader in the last race. Has to be considered early here.
