9 Juncio Boko is really good for this class but he has been up and down and this autumn he did not recognize him. Resumes from a spell now and is the best horse here. Our pick. 7 Caiprinha Razz has been improved and deserves a victory after six podium place without winning. Meets quite easy opponents. 6 Mill Ultra scored a good second spot in the front a short while ago and could find the lead here. 8 Bruiser Pace showed good form in the last run and could be an outsider if the favorites would fail.

12 Smaragd Norrgård has matched tougher opponents and comes from a good second spot. Is driven by Rikard N Skoglund now and our pick here. 3 Bearfire was really good last winter and will be very interesting to see in this comeback. Oskar J Andersson uses to have his horses well prepared. The horse is good for this class. 14 Gloria Sisu did not win a race last season but was a bit unlucky too. She has met tougher horses and should be followed. 1 Annie Flame can open fast and deserves a victory. Contender.

2 Uakari is our pick in this quite open race. Is in good shape and Torbjörn Jansson is an advantage. He finished strongly from far back when he won two starts back on Solvalla. 7 Pelle Roc is good with the right trip. He can open fast and could reach a nice position directly despite this number. 8 Lord Horse is really good every now and then. Is back in good shape after a pause. Early challenger to the favorite. 12 Deliver is good for this class but resumes from a spell here and this number is really poor.

11 Madronjo has been a big surprise this autumn and winter and become better and better. Easier opponents now and good chance to finish to victory. 10 G.R.J.'s Wolverine is strong and would prefer quick pace. Can do it tough too. Contender. 8 Kaiser Southwind has been improved for the new trainer and won easily against mediocre opponents in the last run. Should be considered. 3 Optimum Terminator likes to run in front and is much better drawn than his main rivals here.
