6 Lord Bolin is very well-bred and qualified well for Markus Waldmüller. Is ideally drawn and if he reaches the lead he is the horse to beat.
7 Luna Derm has good speed and is experienced with three races under the belt. **8 Agripmaster** was a good third in a nice time in the last race. Should be improved by that run under his belt and could be dangerous.
1 Ultimo Tile is very well bred too but has struggled in two starts.

2 Fleetfoot S.S. was very nice in her debut when she won in 1.15. Galloped last time but the horse has shown good capacity for this class. Our pick. **1 Jeans N.Epower** impressed in fine style in his debut. Has not convinced in two starts after that. With a similar level as in the debut he has to be considered. **4 Moni Lane** is still undefeated without a mistake. Is a bit tricky. **7 Format Kronos** is very well-bred. Two straight wins before this.

9 Mister Smartface was very nice in his debut, also from lane nine behind the gate. With that that run under his belt, the horse should have learned a lot and he is the horse to beat. **4 Serena Zon** has been up and down so far. If she repeats the performance she put in when she won three races ago, she is an early choice. **2 L.C. Dexter Dunn** has avoided a mistake three times in a row. Should be followed. **8 Wheeljack P.W.R.** is speedy, but a bit tricky.

3 Eyeofthetiger did well on the outside against Nightlife In as second in the seasonal debut. Could be improved a lot with that run under his belt. Should be the clear favorite to win. **6 Eol** finished second in the Uppfödningslöpning last year. Good capacity, but may still need the race. **5 Gaudio** started twice in the Netherlands as a 2-year-old. Very good in the qualifier before this one. **1 Ghirardelli** is doing well but not as good as stable companion Eyeofthetiger.

1 Ytowns Magnifik was fiery from the lead in his first start in almost a year last time, but won anyway. Has very high capacity and will be interesting to follow. **7 Kit Kat Mearas** is a very nice horse who did alright in the seasonal debut. Improved by that run under his belt and is an early contender. **5 Bonus Credit** is consistent en good. **6 Tornado O.C.** never had a chance from behind in the last race but has shown good form for a long time.

7 Kumla Fromentro has developed his style, although it is still not perfect. Has the right attitude and could take his third win in a row. **9 Karma Shadow** was one of the better Danish mares of her year last season. Won despite a tough trip last time. Early choice but needs some racing luck. **3 Working Girl** is the clear favorite for the lead in this race and if she is allowed to dictate the pace she should not be overlooked. **5 Whatabill** should not be discounted either.

7 Vanquish has galloped twice in a row, but it must be said that the horse has shown form for a long time and is now going down a bit in class. If he just gets away from the inside track he should have a good chance. **6 Global Flashback** wasn't at his best last time. Maybe the distance wasn't really his thing. Nice lane now. **11 Localizer** does it consistently and well most of the time. If he only clears lane five in the vault he is considered. **12 Le Roi Mearas** is match against tough opponents.

9 DJSpritz is going down in class and has two fast-starting competitors behind him which should mean a good position. It also looks like there could be a reasonably high starting pace. Very early. **1 Laban Lagö** won from the front in the last race and it could be the same again. Hans Achilles heel is that he gets too hot easily. **3 Here's Johnny Sox** had a throat operation during the winter. Capacity that will go a long way here. **6 Global Action** becomes dangerous if over-pace and if he has the right day.
