8 Sol Bris was first and third in her two races without a mistake last year. This season she has developed well and in the last run she was faster than ever. Our winner. 5 Skeie Balder is on the way up and should reach a nice position since he can open fast. In the mix. 3 Färsta Elma is undefeated without a mistake and should not be overlooked if she avoids a mistake. 7 Firolis Tjorva was fifth after an error on Hagmyren three starts back and showed good form in the last run too.

5 Eva Aloha won in the lead in April and in the last run she finished to victory after a trip from behind. Is driven by Mats E Djuse. Our pick. 3 Fia Godiva won in the lead over the short distance together with Ulf Ohlsson earlier this year and they could win again. 4 Global Daretodream faces nice conditions money-wise and has to be considered together with the trainer who was the driver to score the latest win. 9 Livinlikeaprincess has been improved this year and is fast enough to fight for victory if she trots well.
