1 Vikens Tenbagger has been on the way up lately and has actually improved significantly since switching between racing under the saddle and with a sulky. Looks nice and could reach the front, but will reach a good position regardless. Has to be considered. **3 Vitre** did not convince in the last race but is driven by talented Malte Handfast. Quick starter. **6 Maiken Palema** had energy left in the last race which could be useful. **9 Listas Chardonnay** is doing well and if he gets the right trip from this post he is in the mix.

3 Boomtown has done really well for Markus B Svedberg. Perfect starting position here and a good chance to find the lead. **5 Hydra** has a run under his belt after winter training and should be improved by that run under his belt. Is strong and faces nice conditions. Has to be considered. **9 Simb Rooney** is matched in tough companies and does well most of the time. With the right journey he will finish very well. **6 Rapid Pal** is capable but a bit up and down. Could be dangerous if he is at his best.

8 Chimi made his seasonal debut last time and did really well then, finishing third in a top time. He should be even better with that run under his belt and here Björn Goop has clearly found a nice task. **6 Bourbon Brodde** is strong and tough, which is why the distance might be a bit short. **1 Björn Palema** has been really nice lately and faces nice conditions with this number one in the first circle. **3 Nice Run** has switched between racing under the saddle and with a sulky recently. Does well most of the time.

12 Chocoshotsun is used to face much tougher competition than he faces this time. He is very speedy and is an early choice despite this tricky post. **9 Listas Champagne** returns after a layoff. Got locked in last time. **11 Casbah** doesn't win very often, but uses to earn good money.
