3 Homeland Pellini comes from a couple of V75-races and faces easier opponents here. Was interfered to a mistake two starts back. Top chance here. 1 Morris Match got a tough journey outside of the leader in the last run and did alright. Nice number and will get a good journey here. 2 Fläsk Ken has started twice after a layoff. Won five out of twelve races last year and is possible behind the favorite. 5 Jeppas Unplugged earns money almost every race but does not win very often. Place chance with the right trip.

7 Goddess Go was pale last Sunday, but was fourth two starts back and set a new record. Got an inside journey then but was a bit unlucky in the final turn. Found room late and was not empty at the end. Our pick. 1 Cala Bona visited Solvalla in the last run and scored a good fourth spot. Often in the mix and this number is nice. 5 Bold Lane made his debut for a new trainer in the last run. Gave up at the end after quite a tough final 1300 meter. Should not be overlooked here. 6 Dazzling Diva has not started since February. Is good enough to win this if well prepared.

7 Iago Vici was poorly drawn in the last run too. Got a slow start then but put in a good final lap. Our pick in this open race. 9 Mystery For Ever had to attack widely in the final turn in the last run and was close to win. Possible here with the right trip. 8 Lady Domina has been third at her best so far but she is an early choice here. Uses to meet quite tough opponents. Possible with some racing luck. 3 Joke of Java is one out of many outsiders with the right journey.

2 Twilight Angel won the seasonal debut on the home track on Åland two starts back. Was third in a good time after that and is well drawn here. Our pick. 11 Pretty Primadonna found room late in the last race on Skelleftea and finished fast without being empty. Scored a nice victory from outside the leader before that. Early choice. 6 Super Topaz never found room after an inside journey in the last run and had energy left at the end. 7 Ken's Carlos won eight out of 14 races last year. The form is a question mark and he should not be overlooked behind our top trio.

4 Target Kronos was very tired in the lead in monté last sunday, but faces nice conditions here and has got a good number over the short distance. Found the lead on June 24th and scored a strong second spot. Good chance. 6 Västerbo Grosbois is twelve years old and still going strong. Was second on his home track on Åland two starts back and will be in the mix again. 1 Västerbo ImtheMan has not convinced so far this year. Is good enough to fight for victory in a race like this. 2 Show Time was poorly drawn in the last run. Got a slow start then and never had a chance at the end. Outsider here with the right journey.

9 Lukanos was very promising as a three-year-old but this season he has not convinced. Has been a non-starter after the last run and the form is a question mark. Our pick anyway. 7 Evidently has been a non-starter as well after the last run. Normally an early contender in this company. 2 Backgammon Garden has also been a non-starter after the last run, just like our top duo. Is better than he showed in the last run. 6 BWT Dictator was pale last tuesday, but second on June 18th and did alright even if he did not trot perfectly. Stands this distance.
