6 Gaudio held strongly in the last race after a race on the outside. It was the first start for Johan Untersteiner and he could be even better now. Our pick. **9 Sultan Sea** is coming off an impressive win which was probably the best race of his career. In the fight for victory. **4 Kit Kat Mearas** finished strongly in the last race. Has taken the lead four times and won three of them. Has to be considered from the front. **10 Dream Burgerheide** does well most of the time but is disadvantaged by this starting position.

2 Stens Cullinan finished strongly in the last race after an early gallop. It was his second start after a break and with that run under his belt he is probably close to top form. Should have a good chance without a mistake. **9 M.T.Urus** comes back after a pause and for a new trainer. Capacity is clearly there and if he is just close to the form he is one of those who can win the race. **12 Call Out My Name** is used to tough opposition and should be considered despite this tough starting position. **5 Electra Face** scored a good win last time and has to be considered from the lead.

10 Isaia Degato held strongly in the last race as second and was also good the time before after a gallop. She has been a scratch, but normally the mare should have a good chance of winning. **3 Completed AF** won easily last time at Åmål. Now he is in the lead again and both of his career wins have come from that position. He leads for a long time. **8 So Brilliant** finished well in the last race. Has to be considered despite a tricky starting position. **4 Lord Bolin** owns good speed, but is not reliable at all. Outsider.

4 Dats Milian finished second in the last race showing 09.7/800 meter and was good in the previous race as well. Should have a good chance. **7 Old Maid Boko** is one of the better horses in this race and if she takes the lead, she will not be easy to reach. **12 Kenobi Mearas** returns from a spell, but this is a horse with great potential. Normally in the battle for victory. **9 Green Peaks** is possibly prefers to run in the lead, but should still be considered since he is in top form.
