6 Global Freeway scored an outstanding victory and has met tough opponents after that. With the right journey, he will pass many opponents with the right trip from behind. **3 Hattivatti** seems tricky, but has put in a couple of good performances in Denmark and he has both strength and the right attitude.

Before that, he had taken two straight victories in a nice way. Early choice with the right trip. **7 Haslehaugens Loke** won outright in his comeback last time and should probably move forward a bit with that race under his belt. **12 Lill Viking** was 20 meters behind the aforementioned trio last time and he has to be followed here.
