7 My Dreams has two runs under his belt and looked to have some energy left behind horses in the last run. Had been a scratch before that and should be better now. **1 Frodo De Castella** is the favorite for the lead and if he is allowed to dictate the pace he could be difficult to reach. **9 Lexington Zon** has got an interesting number and with the right start he could reach the first circle directly here. Comes from victory and is in good form. **3 Amazing Nag** got a very tough journey in the last run and we forget that race. Won from the outside of the leader and showed good skills then.

4 Billionaire Face prefers to run in front and has his five victories taken in the lead. Many rivals will go for the lead though and it is not sure that he will get there. **7 Sparky's Dream** makes his comeback and has been drawn to a poor number. Uses to put in good efforts after longer breaks though and has to be considered immediately. **2 Charlotte Bailey** faces nice conditions here over the short distance. **3 Idefix** has been unlucky. Can open fast and has had energy left lately.

2 Jikken is back on track. He made it to both the Kungapokalen and the Swedish Derby last year. Nice task here and with this lane he should have a good chance to lead this throughout. **3 Black Mission** was improved when he won barefoot from the outside leader last time. He is a quick starter. **5 Kathrine SH** has been a scratch but she is a strong mare who could be in the mix in this race. **7 Reshevsky** is back in good form. Had to do it tough last time and finished 11.5/800 meter.

3 Kind Of Silver has not won a race yet, but has often met tougher company. Faces a nice task here. **2 Extra Sweet** was improved at the end of last season. Comeback and might need this race, but if well prepared, she can defeat many in the end. **4 Sheslikethewind** hasn't performed well for a while, but is not bad at all and shouldn't be overlooked if she would find the lead. **9 Sigel Rose** has been a bit slow so far this season, but has previously shown enough speed to be in the mix here.

2 See My Muscles is unbeaten after two starts. The victories have been taken in easy style. Without a mistake the horse will probably be allowed to take over the lead here. **8 Tyson Renegade** had been working well before the seasonal debut. With a similar effort, he will challenge our pick here. **5 Chiani Broline** did well as third in the comeback behind two good horses for this class. Has one run under his belt now. **10 The Golden Dream** is in top form and shouldn't be discounted with the right trip.

6 L.Way Joli galloped in the debut for Sofia Aronsson, but he quickly got his revenge when he won easily from the front last time. Good chance to find the lead and he won't be easy to beat there. **5 Börtas Ankare** owns good strength and this longer distance is an advantage. Can do it tough and is the main challenger from the outside of the leader. **9 Woodbank** comes from a start in a V75-final and faces easier opponents this time. **7 Nordetia** showed good capacity in the beginning of the career and is interesting right away here.
