6 Edelweiss has developed well this year and comes from a convincing victory on Solvalla. Good chance to score another win here. 4 Yavapai Point comes from a second spot in the V75. He showed then that he likes the long distance. Main challenger. 3 Douanier is chasing the first win of the year. Is good for this class and likes this long distance. 2 It's Peppertime has one run under his belt now. Parked outside of the leader then and was brave. Could be ready for victory now with the right journey.

Auto 2140

13 Eldida is strong and scored the first win of the year in the last run after a strong final lap. She is driven by Björn Goop for the first time here. Our pick. 6 Klack Vidar is in good shape. Got a tough journey during the final lap in the last run and won comfortably. 12 Teknolina found an early lead on Östersund and was brave. She is fast for this class when she is at her best. 10 Grådö Bo gave up in the lead in the last run but scored a good second spot anyway. Should not be overlooked.

RACE 8, V64-5

Auto 2140

11 Bugatti Miles did not trot well on Vermo in the beginning of May. Resumes from a spell now. He is probably the best horse in this field. 9 Dollar Doc is strong and got a tough final lap on Vermo on May seventh in his seasonal debut. Got a new break after that. 8 Mr Mah Can is poorly drawn again just like in the last race. Got a defensive trip then but finished strongly. Will probably get a similar journey here. 2 Kimi di Quattro is well drawn and has good ability. Resumes from a spell. Outsider.
