2 Listas Behindbars ran in the front in the last race and won comfortably. Is good for this class when she stays calm. Nice number here. 1 Global Wonderful came with a wide attack in the final turn in the last race and finished well on the home stretch. Could be in the mix here as well. 3 Kitsune finished fast to a third spot on April 18. Does not win very often but could cause an upset here with the right journey. 4 Quickly S.W. never found an opening in between horses in the last race and had energy left at the end. Has to be followed now.

3 **Doesn't Matter** met tougher horses in the last V86 race and is not bad for this class. Is well drawn here and our pick in this tricky race. 4 **Manolito M.I.** took over the lead with 1600 meter to go in the last race and won easily. Showed then that he likes to race on Arvika and he has to be considered early again. 8 **Pastor Lucas** was improved in the last race. Is poorly drawn but faces quite easy horses here with the right journey. 10 **Good Express** was second in the last race and put in the best effort of this year. Should not be overlooked here with the right journey.

7 **Lome Storm** put in a strong final lap from far back in the last race and is in good shape. Faces quite easy opponents here and is our pick. 2 **Brenne Rön** had to open fast in the last race and scored a good fourth spot. Interesting conditions now since he could find an early lead. 6 **Buska Blyg** is a lot better than the latest results show and should not be overlooked here behind the favorite. 9 **Fröyu Birk** scored five wins in 13 starts last season. Has not been as good this year but came back well in the last race after a mistake with 550 meter to go. Outsider.

Volt 1700

2 **Sjaman** is our pick in this short distance race. He found the lead with this number in the last race and Mikael J Andersson is interesting here. 7 **Helacs Theluji** has mostly started behind the gate lately but if the horse reaches a nice position with this number he is good enough to fight for victory here. 6 **Staro Kitty** looked defeated on the home stretch in the last race but fought well and won in the lead. Will challenge for the front again here. 8 **Job American** has got a tricky number and could get locked in. Possible here but needs some racing luck.

RACE 8, V64-5

Auto 1700

5 **Always On Time** has shown good form in the last two starts. Won comfortably in the lead on June 5 and scored a good second spot after that despite an interference underway. 3 **Poet Broline** likes this number and this distance. In this company he should definitely be able to fight for victory. 8 **Flash Håleryd** had not raced for a month before the last race. Early contender here but needs some racing luck with this poor number. 9 **M.T.Insider** is poorly drawn here. Won this race in 2018 and was second last year.

5 Flexible Launcher won the last race and showed that he stands the long distance. Ran in the front then and had energy left at the end. Good chance. **4 B.T.'s Viclando** is consistent and good. Came with a wide attack in the final turn in the last race. With the right journey he could score the second win of the year here. **3 Leo Leo** likes to run in the lead and will certainly go for that position here. Won in the front on May 21 and has to be considered again. **2 Witty** finished well to a third spot and with the right journey she is has to be followed here.
