

## RACE 1

Volt 2140

1 Fashionista performed well in the qualifier and is surely ready for a solid performance in her debut. Additionally, she has a good starting position. 5 Nilla Lane also comes from a strong qualifier, but starting from post position five in the circular start is not optimal. However, she is expected to do well if she can avoid any mistakes. 4 Kid in America also has a difficult starting position from post position four. She is a daughter to Raja Mirchi and will be interesting to follow. 8 Unique Wine has a suitable position for a defensive journey. She shouldn't be counted out with the right journey.

Is certainly improved by that race and has a good chance again. 1 Kenobi Mearas also won from the pocket behind the leader in his debut, but with a slightly smaller margin. 4 Can Paixano has yet to win a race, but he seems to have speed and it will surely be his time soon.

He has a good chance again. 2 Global Enjoy gave up in the lead in his debut, but that was against a horse who had got a nice defensive trip. Nevertheless, she should still be considered early. 4 Manifest Boko has been at least third in six starts so far. Different position now, but still has a good chance to win. 5 Capriccio d'Amore is fast from the start and if he can get to the lead without too much effort, he could hold on all the way. 8 Nugget Zon is a talented horse and with two races under his belt after a break, his form should be greatly improved. Fast out, but a poor position. 3 Highlove Tech won with a strong final lap last time, but it should be noted that he did not trot perfectly. Normally a quick starter.

He has been good in every start before that and has a good chance with the right trip. 2 Roman Tile has not been a very quick starter so far but can certainly improve that. Early choice with this good draw. 8 Harald Derm has a winning streak going, but now he faces a less than ideal post position. However, he can leave the gate fast and should be considered early. 12 Hotliner has displayed nice form and even if this number is very poor, he must be considered early. New driver.

4 Önas Prince needs no introduction. After this race, he is heading to the Copenhagen Cup in Denmark and then to the Elitloppet. 1 Laradja Vrijthout is known to be fast out of the gate, and we can expect a quick start and then give away the lead to the favorite. 6 Heart of Steel is tough and can do it tough. He will likely find the position outside of the leader and be in the mix at the finish line. 3 Harran Boko got a good result last time out. He can open quickly, but he is primarily seen as a contender for a place in this race.
