5 Ninepoints Nice did really well in his debut. He finished only fourth, but set a good time. Last time he galloped and of course this number is a bit tricky, but he is the one in the race who has shown the best capacity. Our pick. **8 Anya C.D.** has not been completely reliable at the beginning of her career but was improved in the last race. Has to be considered. **11 Larue** has shown good capacity but galloped a lot too. First start outside the island of Gotland now. **12 Bys Briljant** is possible as well with the right trip from this handicap.

11 Fibonacci Font has shown very good capacity for this class at the beginning of his career. He probably would have won without a gallop in the last race and even if the opposition is tough he should have a good chance of winning. **5 Bright Destiny** has been consistent and good so far, even though she hasn't won yet. She is an early contender. **4 Mister Malabar** is interesting without a mistake. **2 Luscious Sisu** won an easy race in the debut but has not convinced at all since then. Possible with the right trip.

2 Solkattens Corsa has four straight wins. Has met quite easy opponents, this is quite a mediocre Solvalla race too. Carl Johan Jepson should have top chance. **14 Specification** has a run under his belt after a long layoff and was strong then. Should be improved by that run under his belt and could get a good start here. **8 Best Yankee Face** won last time. Possible with the right trip. **4 Freeman Dance** galloped in the Swedish debut but showed good speed.

As long as the horse avoids a mistake and handles this number, he will be hard to beat here. **3 Blyger S.R.P.** has found top form and has now won four out of five races together with Jonathan Bardun. Is developing well. **2 Brunet Garde** has a perfect starting position and reaches a nice position straight away. Early contender. **11 In Thelligens** is good for this company too but will be driven by the trainer now. Possible but needs some racing luck.

1 Mellby Knekt makes his first start since he galloped in the Elitloppet. The form is of course a little question mark, but Timo Nurmos uses to have his horses well prepared. Has shown before that he is good after a layoff. From the front he will be very hard to beat. **8 Epic Kronos** is the main challenger. However, this starting position means that an incredibly good performance is needed to win this. **3 Parveny** looked splendid in the lead in the last race. **7 Phoenix Photo** could be a place bet.

5 Max Montana looked nice in the last race and has been matched in good company. Should have a good chance here for Örjan Kihlström. **6 Run Riddle** has good capacity for this class but might be disadvantaged by competing with shoes. **1 Supercharged** is a quick starter and should have a good chance if he is allowed to dictate the pace along the way. **2 Alberdi Wine** prefers to race with a closed bridle, but the Norwegian bridle did not function last time and the horse was a bit slow.
