5 Don Fanucci Zet will run the first start after his victory in Elitloppet. Is certainly not as good today but he should of course have top chance to win this anyway. 4 Brother Bill was on the way to challenge Don Fanucci Zet on Umeå on May 15. Main challenger here as well. 3 Global Adventure got a trip from outside the leader after 700 meter in the last race and scored a good win. Early choice behind the favorite. 2 Golden Dream M.E. finished fast in the last race after a late opening. Had not raced for a while before that.

10 Lill Hans won the last race when the leader galloped but put in a good effort as well. Good form and early contender. **13 Wilda Simon** galloped directly in the last race. This long distance suits him well but this number is really tricky. **1 Guli Fantom** is tricky and uses to make a mistake. If he avoids an error he should be considered early. **6 Modig Ripa** got a tough final lap in the last race and gave up. Outsider.

RACE 7, V64-4

Auto 2140

5 Dreams Happen scored the first win in the last race and convinced a lot on the home stretch. Nice number and our pick. 8 Vanessa Face has done well for the new trainer but this number behind the gate is poor. In the mix but needs some racing luck. 1 Global Boost won in the lead in the last race but has been a non-starter twice after that. Is good for this class. 4 Feel Good has been improved and scored two straight wins. Should be considered here too.

6 Dark Roadster can open fast and was really brave two starts back and came in second in the lead. Good chance if he reaches the front here. 7 Deede Star scored a convincing win on Solvalla and is good enough to fight for victory. Tricky number though. 5 Hector Boko has scored his latest two wins under the saddle but is a good sulky horse too. Should be considered early here. 10 Moses is consistent and good. Could get a nice defensive trip with this number. Quick pace would be an advantage.

11 Järvsöodin comes from victory and faces nice conditions money-wise here. Good chance again but needs some racing luck. 9 Hugo Bäck found room from behind the leader on the home stretch in the last race and finished fast. Is consistent and good. Early choice. 5 G.G.Ojjdo has earned a lot of money lately but is still good for this class. Faces a 40 meter handicap towards our pick though compared to when they met on June 12. 12 Eldvin has good skills but does not always trot perfectly. Typical outsider if he avoids a mistake.
