RACE 6, V64-1

Auto 1640

3 Madame af Djupmyra was outstanding in the debut for Pettersson in the last race. Should be even better now and has a good chance to find the lead again. Our pick. 4 Victorious Wine has earlier defeated our pick and is fast. Is a quick starter but the chances are not easy to predict after a layoff. 6 Zerozerosette is strong and should be considered early if the horse trots well. That was not the case in the last run. 5 Bältra Selene has shown good form lately. Won after a nice trip from behind the leader in the last race. Outsider.

RACE 7, V64-3

Volt 2640

10 Rönningsgutten has scored a couple of nice wins. He is strong and likes this long distance. **3 Alfred R.G.** has good skills but is often a bit too stressed. Nice number here and without a mistake he should fight for victory. **1 Björkevarg** put in a good effort behind a gifted horse in the last run. Perfect number here and could lead this from start to finish. **15 Sundbo Bysen** has shown very good form in several starts lately. Can finish fast and is possible here.

RACE 8, V64-5

Auto 2640

2 Jano di Quattro is strong and this number is nice. Should have quite a good chance to find an early lead. Should be considered early with another journey too. **8 Hemisphere** has very good capacity but is tricky too. Without a mistake he is an early contender even if this number is poor. **6 Donatello Wibb** is interesting in this debut for a new trainer. Might need this run but is at least an outsider. **4 Digital Pen** is strong but not reliable. Quick pace would be an advantage. Should not be overlooked here without a mistake.
