12 Teknogradben started well by winning four out of the first five races. Two starts back he scored the fifth victory over the middle distance. Our pick. 11 Sol Storm has won six times in one year for Hanna Forslin and he has won over all distances. Without a mistake he should be considered early. 9 Tåga Ryker won with this number over the short distance last year. Is in good shape and should be followed. 2 Troll Prinsen galloped on the way to victory on the home stretch in the last run. Should not be overlooked.

2 Appia Express has won twice after tough journeys from outside the leader and she has been strong. Good chance. 1 Tropic Thunder won comfortably on Bergsaker in June and was closely defeated in Rättvik in the race after. Nice number now and main challenger. 8 Konstantia Sisu has the best record in this race which she set two starts back. Without a mistake she could be in the mix here. 4 Supreme Success was third for Mats E Djuse in Lindesberg in May and they should not be overlooked with the right trip.

6 Tequila Trot has scored both wins in the lead. If he reaches the front just like when he won two starts back he should have a good chance to lead this throughout. 3 Staro Quantas has been at least second for this trainer and with this nice number he could fight for victory. 11 Roberto U.R. has won both races for this trainer when avoiding a mistake. Despite this tricky number he should be considered early. 14 Sandsjöns Avicii has been first or second so far when avoiding a mistake. Should be followed here despite this number.

7 Global Dash was brave from outside the leader in the last run. He meets older opponents now but faces nice conditions money-wise. Good chance here. 5 King Only the One won easily in Bollnäs two starts back and is good enough to be in the mix in this company too despite tougher conditions money-wise. 6 Exklusiva Liss comes from a very good victory on Bergsaker and is in good shape. Should not be discounted. 3 Captain As has done well in both starts after a layoff and will be driven by Ingvar Nyberg again.
