8 Gurra Palema has two straight wins together with Sandra Eriksson. He has shown the right attitude and fought really well to a couple of wins. Will certainly get an offensive trip again. 10 Claude P.Hill has been at least second on nine occasions and he has shown a better attitude lately as well. One out of two. 4 Gazoline has three straight second spot. Is in good form and faces nice conditions. 9 Bourne Dominion is always an outsider in this class but has gallops a lot. Outsider.

Wide open race. 3 Smash Into You has scored two wins this year and is quite good for this company. Can open fast and is well drawn. 7 Xanthis Excalibur did well last year but has mostly been a disappointment this season and galloped in four out of five starts. Got a break. Is normally an early choice here. 8 Forever and Ever is fast and has met tough horses too which gives him an advantage now against easier opponents. 1 Farao Am could take advantage of this nice number.

5 Invidia has the right attitude and can do it tough too. She has won five out of ten starts and also beaten tough horses in the southern part of Sweden. Our winner. 1 Liquify'em was improved without shoes this summer and both victories were scored in the lead. Ideal number now and will go for the front again. 10 Diones Smaragd is strong and uses to meet tough horses. She will certainly be improved now by the latest run.

11 Stjärnblomster has three straight wins this summer and she is probably the best filly in Sweden. She beat Åsrud Vilja in the last race and before that she defeated Forspärla and set a new record. Hard to beat again. 6 Lome Perla has a 40 meter advantage towards the favorite. Is in good form and was third in the last Norwegian Championships for fillies. Early challenger. 12 Forspärla was closely defeated by the favorite in the last race and has been improved this season. 8 Sundbo Nova has been very good this season and is still on the way up.

5 Albert Zonett has become better and better and scored five wins in a row. He is not used to this short distance but has become faster and can do it tough too. 1 Bodybuilder has been improved for the new trainer. Can open fast and is ideally drawn. Could lead this throughout. 2 Global at Work is also a very quick starter and he likes the short distance. Has done well for Wäjersten and showed good form in the last race. 9 Eightdaysaweek could get a perfect journey behind quick starters here.

8 Syoss has earned most money in this race and is also consistent and good. Was second and really brave in the last race and should be on the way up. Good chance to take revenge here. 3 Xanthis de Roi is a tough challenger and a stable companion to our favorite. Put in a splendid final lap in the last V75 race despite a very poor number. 4 Leave Your Sox On wins often and can do it tough too. Mika Forss is an offensive driver. 2 Harper Seabrook won the last general rehearsal against easier opponents. Put in a good effort.
