7 Hr. Hefner was already good last year but has been even more successful this season. Has taken six wins and earned just over SEK 300,000. Is in good form and won with today's driver in October. **6 Stjernedag** faces good conditions and he has also done well with two wins and seven second places this season. Early choice. **5 Ry Tora** is quite consistent and good and won at Forus two starts back. Early choice behind our favorite. **8 Nelson Anton** has also earned more than SEK 100,000 this year. With the right trip he is at least a place bet.

8 Sambucca Ö. K. has won two of seven races this year. Coming from a win and faces fairly easy opposition. Good chance to win. **3 Milmin** is a 5-year-old in his first season. Has been quite consistent and has a 20 meter advantage towards our pick. That could be enough. **5 Björnemyr Tix** has scored one win in 15 starts but done quite well. Has two runs under his belt after a long layoff and comes from a second place. **1 ML's Rakkaren** has not won yet but will certainly get a nice trip from this lane. Place bet.

9 Kong du Dalm had a brilliant season last year when he won six races and earned just over SEK 600,000. Only one win this year but still earned the most money in this field. Our winner. **2 Happy So Easy** is an early challenger. Has won four races this year and shown good form at the end. Has a 40 meter advantage towards our pick and that may be enough. **7 Symphonie Classic** has done really well of late and won two of the last three races. Good form and an early choice. **6 Joconde du Calorne** has earned exactly as much money as Symphonie Classic this year. Won ten races last season. Possible.

5 Wildest Dreams won six races last year but is still without a win this season after 13 attempts. Meets very modest opposition this time and is our pick anyway. **11 Khloe** earned the most money last year and she is also good for this mediocre company. Early choice. **1 Thestarofthesun** has two wins this year and is much better than the latest results show. Good lane and will probably get a nice trip. **9 Devi Jameson** rarely wins but in this weak field he cannot be discounted.

4 Mykle Fanden has won five races in twelve starts. He returned last time after a long layoff and is certainly improved by that run under his belt. Early choice. **6 Komnes Huldra** has been improved this year and taken three wins. Comes with two wins in a row and is in top form. Should be considered early. **3 Spik Otto** has four wins and three second places in ten starts. Won four races last year but has started very sporadically this year. The form is a question mark but his capacity is good. **1 Vikki Vårberg** has only one win in 28 starts but has been quite consistent at the end. Can definitely take a place from this nice lane.

Our pick. **5 Crispo d'Estino** has also done well this season with three wins and three second places. He won two starts back at this track and is an early challenger. **6 It's Only Magic** won four races in eleven starts last year. Not as successful this year but has been quite consistent towards the end and cannot be discounted. **9 LA's Aela Skye** is still without victory this year after 14 starts but comes from a second place and seems to be on the way up.
