10 Galant Ima is a horse we have expectations on this year and with a win in the seasonal debut, the right form should not be far away. He will be strong in the finish again. 6 Baltimore Broline is a horse that steps up a class if he reaches the lead and he will soon be on the way up. Very interesting here. 3 Donna Guerriera comes from Sandra Eriksson's stable and she has started the season well with several good seasonal debutants lately. Should be considered. 5 Ted Trot is capable and a typical outsider in his comeback. Warning.

2 Fifth Avenue Vice has many second-place finishes in a row, but he is a horse that always does his best and he can also do it tough. He has a good task ahead of him. 10 Bugs Bunny Buzz has speed, nad he has been very positive during his visits to Sweden this winter. He is still respected despite this number in the second line. 1 Atlas Kronos will be exciting to follow for the new trainer. He has a solid ability and faces nice conditions money-wise in his comeback. 4 Honky Tonk Angel won last time out for this driver and can surprise with a good trip.

5 Selmer I.H. has racked up wins this winter and is a horse that is most effective during the winter months. He was brave outside the leader last time out and has a good task tonight. 7 Devils Tongue is also a real powerhouse for harness racing in Norrland, and now that his seasonal debut is behind him, he's a challenger to watch out for. 9 Hector Sisu flashes with high peaks, but he usually races best when he's close to the lead. He's only an outsider with this number. 2 Eder Bob is often in the mix, but there is some ambiguity around his form, and he also struggles to win.

11 Stålviktor won from outside the leader in his seasonal debut, and it was an impressive performance. He is expected to have a great season and is our top pick. 1 Stjärnstorm finally has a good starting position again, and we like his attitude. He is in good form and an early contender. 5 Ravn Kiro has looked good in his races this year and is starting to grow into his class. Ulf Ohlsson will be driving him now. 15 Storspuver can finish fast and could be a contender but needs some racing luck from this double handicap. He benefits from not having to run on the ice track.

5 Global Coldplay has performed well for Per Nordström earlier this year and is expected to do well for the new trainer tonight. He was narrowly beaten in a tough race last time out. 2 Lavicii Boko has improved his position this winter. He is all-round and not afraid of doing the hard work. Faces nice conditions money-wise. 10 Holy Moses Mearas earned a lot of money last year and regained his promise as a young horse. He is a contender in his seasonal debut. 8 O.K.Nalan is expected to be in good form with a race under his belt. He is strong over the distance.

5 Bollinger Bishop acted immaturely last year but showed potential and now as a four-year-old, he seems to have found himself for real. Two straight wins in the season opener and a good chance. 8 Juan Sisu has been a horse on everyone's lips and was also matched against tough horses as a three-year-old. Has reloaded and is highly interesting in the season debut. 3 Burn Notice has a misleading record but is also a horse that is heading towards a good season as a four-year-old. Consider as a backup option. 11 Crazy J.Lo be the most in-form horse in this field. Did the hard work last time out.
