6 Rally Ida scored three straight wins this summer and is good for this class. Galloped in the last race but should have a good chance here if she finds the lead. Is driven for the first time by Ulf Ohlsson. 3 Bag in Box finished fast to his fourth win in the last race. She is in good form and should be considered early with the right journey. 10 La Norna is gifted but uses to win in the lead. She has won twice despite a handicap and the driver knows the horse well. They could score their third win together. 2 All Cash has scored all eight wins over the middle distance.

5 Backegubben was second in the lead in Skellefteå two starts back. Galloped directly in the last circular start and this start behind the gate is an advantage. Can open fast. Our pick. 11 Björlifant was second to Tangen Haap two starts back and uses to meet tough horses than these. Early choice despite this number. 8 Guli Storm had energy left in the V75 in Boden in June and is good enough to win this. Needs some racing luck with this number though. 9 Stålvilje won for Ove A Lindqvist in May and finished well with the same driver in the last race. Outsider.

1 Klammer did not compete last season but has done well this year and scored two wins. He can open fast and is well drawn here. Our pick. 3 Serious Sam has developed well this year and is getting better and faster. He showed good form in the last race in Boden. Dangerous in case of quick pace. 10 Boston Flip was third and had lots of energy left two starts back. Finished well to victory in the last race when the leader galloped on the way to a win. 4 Greenwich did alright in the last race despite a back row draw. Could get a better journey now and uses to finish fast then.

3 Flybywire got a poor start in the last race and could not improve at the end. Nice number now and has scored all three wins over this middle distance and together with John Östman. 1 Kempebra won easily in the lead in May and likes this middle distance and this starting method. 2 Mister B. finished well to victory in the last race in Skellefteå and if he avoids a mistake again he should not be overlooked. 4 Plastic Bag faces tough conditions money-wise but is good enough to be in the mix here.

7 Hulte Annika comes from a very good win and if she handles this new distance she will certainly fight for victory here. She is driven for the first time by Ove A Lindqvist now. 14 Guli Frodo has to defeat many opponents here but likes the long distance and can do it tough. If she avoids a mistake she will not be easy to beat here. 11 Slotts Pila uses to slow start but is on the way up and with the right trip she could be in the mix here. 6 Guli Orkan has scored the latest three wins over the long distance.

9 Swagger has had a splendid season with seven wins and he has earned more money than in any season so far. Is good for this class and comes from a V75-win in the lead. Short distance again and our winner. 3 Even's Cool Boy won easily in the seasonal debut on Solänget and won in the V75 on Umåker after that over the short distance. He will be interesting to follow with this nice number. 10 President Lindy was not at his best in the last race but if he is as good as three starts back he could be in the mix here. 7 Cupido Sisu has been consistent and good for a while now but this number is poor and he could get a tough opening.
