5 Starstrucked avoided a mistake last time out and scored a comfortable victory over the homestretch. He should handle the distance well and is an early contender without an error. 4 Fast and Go fought well in the lead last time out and should come on even stronger with a couple of races under his belt after a long absence. 1 James Bay is not reliable, but he has the strength to handle 2640 meters. Should be in the mix if he avoids a mistake. 9 Amour Dimanche looked impressive a bit behind the winner last time out with a fourth-place finish. Had been away for a while before that and could surprise here.

6 Skuggfaksen is a bit up and down. He faces quite easy opponents here and if he has a good day, we believe he has a good chance of winning. 12 Tallmons Wiking had two gallops along the way last time out and put in a decent fourth-place finish. Has the speed to go far this time if he performs well. 5 Gärdsjö Milla needed the race last time out to get back in form. She has some speed and the opposition doesn't seem to be the toughest. 1 Monster Litchi scored quite a good third spot two starts back, and the starting position here is interesting.

5 Thelma M.M. has been on a break for a few months. Competed in quite tough competition last year and if she handles starting position five, she could win right away. 10 Evaluate is making his debut for a new trainer. Speed-wise, he is not afraid of anyone in this field, and even if he may lack some races, he should be considered. 11 Super Zantos faces slightly easier horses here than he usually does. Will get a defensive journey and could beat many of them in the end with some luck. 9 Ajlexes Cubano often competes in tougher companies than these. The short distance suits him well, and he is an outsider.

10 Ninepoints Yankee is normally the best horse in the field, but his form is a bit uncertain. If he runs up to his best, he should win. 2 Estelle Godiva showed a clear improvement when finishing third last time out. The post position behind the gate is good, and she should be considered. 7 Mascarpone Doc led the race last time out and finished a decent third. He starts from a wide post position again, but is likely to be driven offensively from the start. 1 Camaro Brick is returning after a long break from competition. He has a solid base level of ability that should be competitive in this race.

12 Yazmine had a good season last year with seven wins in eleven starts. However, she lost her form in the winter and is making an interesting comeback here. Normally, she should round to victory. 6 She's Just Joy got stuck behind a tired competitor last time out. After a break, she has a suitable starting position. 9 Battleship Chains was not at all bad as second two starts ago. Does not win very often, but can take a place here. 3 Chiquita T.A. has a little more potential than the record shows, and the starting position is suitable.

3 Ajlexes Abraxas could not reach the front last time and never got a chance at the end. Had a strong finish two starts ago when coming from far behind. 7 Pappajonnys Ilse has the talent to win, but she's struggling to find her form. Was clearly beaten in a V75 race last time out. 13 Wilda Knight looked good when winning in an easier field last time. Will pass many horses once again. 11 Kaiser Southwind is consistent and good. With the right trip, he could finish in the top three.
