3 Custom Cruze did not trot well as a big favorite in the last race and is looking for revenge. He was matched in much tougher races before and set some nice times. Good task now. **7 Dalton** is better than the latest results show. Coming from a fourth spot and is an early choice in this weak race. **4 Lioncoeur** has earned the most money in this race. Won the seasonal debut and should be considered early if he lives up to his potential. **2 Tib Thunder** won three of nine races last year but has not been as successful this year. Possible if improved.

7 Kong Du Dalm faces good conditions money-wise and is clearly better than the latest results show. He had a good season last year and should be considered early in this company. **1 Alunita** has a nice task from this lane. Has been quite consistent towards the end and is an early choice. **4 Baron Gift** has clearly earned the most money in this race but did not convince last time. He is facing quite easy horses now and should be in the mix. **6 Random Tile** faces very tough conditions money-wise but has done well this year and cannot be completely discounted.

12 Vital Aragon should have a good chance in this ridden race. He won the last time and beat several of today's opponents. Difficult lane of course but banker anyway. **6 Rikkola** was second behind our pick two starts back. Comes from a new second place and seems in good form. New jockey. Early choice. **5 Ludo U.N.** was fourth in this discipline in April and has been consistent and good at the end without winning. New jockey this time. Has to be considered behind the favorite. **10 Tangen Guro** earned the most money last year and will be interesting to follow under the saddle. Ridden by a new jockey and can win straight away in this discipline.

5 BG Therese didn't trot well in the last race but was much better as third in the previous race. With a similar effort she is in the fight here. **2 Nordby Oda** has only one win in 21 starts but to kept up the pace well as fifth last time. She should be considered early in this company. **1 Temsisi** has one win and one second spot in twelve attempts. Is a little better than the latest results show and will probably get a good journey from here together with Åsbjörn Tengsareid. **8 Dämro Knerten** was a good runner-up in the comeback two starts back and is an early choice despite the lane with a similar performance. Now driven by Lars Anvar Kolle.

4 Lökki Athene was fourth last time and had won two races in a row before that. She is clearly better drawn than the main rival and this will probably be decisive. **9 Fröken Fransen** has won three of the last four races and done really well. However, she has won from the lead and has to attack from behind now. Challenger. **6 Storhaug Stjerna** is probably one of the better horses in this race but has not competed since August last year. Might need this race. **8 Sundby Seira** galloped in the last turn in the last race but had put in three really good efforts before that. Difficult lane.
