10 Lexington Tooma won from behind the leader four starts back and finished well to a second spot in the races on Umåker in August and September. He comes from a V75-race and faces easier opponents here. 8 Zorro Swing got defeated from outside the leader in the last race. With the right start he should be considered here. 4 Vulcano O.P. finished well in the last race and should be considered if he avoids a mistake. 5 NoLimitJimMit can open fast and with the right journey he is in the mix just like in the last race where he finished to victory.

4 Valle Tuva has done well after a short break and been at least third in three races. In the last run the twelve-year-old won comfortably and with a similar effort she will fight for victory. 8 Wik Viktoria has won two out of four races together with Sandra Eriksson and with the right journey they should be considered. 10 Stjärnstorm is the most inexperienced horse with only four starts but he has only been defeated once and has to be followed. 11 Risåberra won three races last year. Has shown good form lately and will soon score the first win of the season.

RACE 8, V64-5

12 Russjkat made his debut in the last V75 race and set a new record sixth up but met tougher opponents than he is used to. Scored three wins in a row in September, two in sulky races and one under the saddle. The six-year-old is our pick. 3 Shawn Leejs has won two races this season and both times the four-year-old has run in the lead. Nice number here and early contender in the front. 4 Honky Tonk Angel faces nice conditions here. Her both wins were scored over the middle distance and with this auto-start.
