2 Sognatore has been consistent and good lately. Faces nice conditions money-wise here and is well drawn. Should have a good chance here. 3 Landing Data was allowed to dictate the pace in the lead in the last run but got defeated at the end. Put in a good effort anyway and should be considered early in this company. 4 Digital Valley had been a non-starter before the last run. Galloped on the home stretch on the way to quite a good result then. Should be improved now. 10 Dreamy Frontline is chasing the first victory. Outsider.

1 Per Viking has nine wins in eleven starts and been at least second so far. Faces nice circumstances here but this number one could be tricky. Top chance anyway. **10 Oss Can** made his comeback in the last run and was not empty when he galloped with 450 meter to go. Is fast enough to challenge but needs some racing luck with this number in the second line. **12 Ronja N.N.** has put in many good performances lately. Poor number now but in case of quick pace she could defeat many opponents here. **3 B.W.Bille** was a disappointment in the last run. He can do better.

1 Shehuntyoudown was not at her best in the last run. She is normally strong and scored a good second spot two starts back. Good chance if she finds room in time. **2 Normal Capture** has not been at her best lately but showed good skills earlier this season and won in 1.13,9/1640 meter. Has to be followed. **11 Dolly Style** is quite fast for this company. Should not be overlooked behind the favorite. **6 My Golden Eye** beat easier opponents on August 25. One out of many outsiders here.

13 Lille Fröken Stöen showed in the last run that she is good for this class when she is at her best. Tricky number here but our pick anyway. 1 Odd Harmonia fought well in the front in the last run. Should be improved by that run and could lead this throughout. 14 Myrsjös Magica avoided a mistake in the last run and was successful directly. Is not reliable but is fast for this company. 7 Eva R.G. has won four out of eight races this year. Should handle this number and is an outsider here.

10 Oliver P.Hill makes his debut for a new trainer here. Is good for this class and our pick despite the layoff. 5 Robthebank galloped with 250 meter to go in the last run. Did well from outside the leader two starts back and has to be considered early without a mistake. 12 Correct W.F. is probably the toughest horse in this field. He made it to the final of the short E3 in August. Has not won yet though and this number is poor. 6 Many Behind gave up two starts back after a tough journey. Could be an outsider here.

8 Zätas Forever Star scored a very strong victory in the last race on Bergsåker. Followed attack with 700 meter to go and finished really well on the home stretch. 10 Capone Vox won in the lead on November 6 and had energy left. Different number now but with the right trip from the back he could defeat many opponents here. 1 Mountainous has put in three good efforts lately and will soon score a victory. Interesting number. 3 Date Night won easily in the last run and should be considered early here as well.
