3 I Love Faux Depart was the favorite in the debut and looked really nice in the warming-up. Galloped in the race itself and just kept up the pace a bit behind the field then. 7 Isadora Quick looked nice in the last race before she galloped. Is inexperienced but seems to have quite good speed. Good for this class. Interesting. 6 Someity qualified a short while ago in a 1.23-time. The three year old is trained by Robert Bergh and the chances are not easy to predict. Contender. 8 Marcelo Vieira opened really fast in the last start but galloped then. Has got a long break now and is interesting here.

6 Jahnsen can open fast and found the lead in the last race. Gave away the lead after 500 meter then but did well. Faces easier opponents here. 1 Vesle Tora has the best record here and should be considered directly after a longer pause. Antonsen uses to have his horses well prepared. 5 Björnli Balto scored a good win two starts back and is an early contender in this company too. Prefers an inside trip but is possible here regardless the journey. 11 Mjölner J.R. put in a strong comeback and won directly. Needs to set a new record here but we think he is good enough to do so.

4 Livi Opal H.M. has good speed for this class and if the five year old handles the start he should have top chance to win this. 7 Hungarian Hotwax has good capacity but the form is a question mark. Quick starter and perfect number. Will go for the lead. Dangerous. 1 Motoyi Goj will get a perfect defensive trip on the inside here. Place chance. 5 Zurigo D.V.S. has got a new trainer. Has shown fast times in Italy. Faces tough conditions money-wise but should not be overlooked here.

1 Global Boost has been at least second in three out of five starts and owns good strength. Can do it tough and faces quite easy opponents here. Hard to beat. 3 Chablis was certainly not fit in the last race but is back on track. Showed good capacity this winter and is a challenger to the favorite. 11 John Dee is in good shape and has been consistent lately. Possible here with the right journey. 5 Centurion B. put in a good effort after a tough run outside of the leader in the last race.

Four year old race for cold blood horses. **8 Stormjerven** has earlier impressed on a couple of occasions in Sweden. He won on Gävle after finishing 25/1800. Good chance directly in this seasonal debut. **9 Mjölner Rönner** is in good shape and despite an early mistake in the seasonal debut he came back fast and could win anyway. Challenger. **6 Monster Merete** has not been as good as our top duo but is consistent and good. Fine form. **4 Lodins Luna** scored a good win in the lead in the last race.

9 Lumbermans Kalle has four wins in twelve starts and is a tough horse with the right attitude. Has been competing in the V75 lately but met too good horses. Much easier opponents today. Our pick. **5 I.D.Dig Deeper** showed good capacity as a three year old and scored several strong wins during the season. Galloped in the last seasonal debut but chases revenge directly here. **6 Mr Brilliant** needed the last seasonal debut but run a nice time after a good journey from second on the outside. Has to be considered here. **4 Text Copycat** scored two good wins at the end of last season. Outsider.

3 Golden Guard earned a lot of money last season and was successful in the V75 too. He started this season really well and finished very fast to victory. Will be interesting to follow this year too. Top chance. 7 Iglesias Boshoeve can open fast and could find the lead here despite this number. Won from behind the leader two starts back and is in good shape. 6 Eraja Jaam uses to be in the mix and if the favorite would fail he will fight for victory here. 11 Encore un Sisu has good strength and put in a nice performance in the last race after a tough journey.

11 Björnemyr Dennis scored a couple of really nice wins in Sweden last year. Six wins in ten attempts is impressive and we think he is good enough to step up to the next level. 9 Fantomet is interesting. We still remember his strong victory last summer when he convinced a lot in the lead. Galloped in the comeback but could be dangerous here without a mistake. 8 Tangen Tore is consistent but does not always show the right attitude at the end. Won the last race but had to be persuaded. 5 Stilig Karl galloped in the last race still fighting for victory.

6 Global Wonderful is better drawn than the main challengers here. Can open fast and should get a trip in front. Is certainly improved by the last run and this short distance is the right one. 12 Loes was matched in the V75 this autumn and scored a convincing win on Jägersro too. Is poorly drawn but should be considered directly in this seasonal debut. 9 Almond Paste was very brave from outside the leader in the last race. He is good for this class. 4 Quite a Charm is consistent and good and showed good form in the last race despite a poor number.

1 Mily has been racing in France this winter. Has not been very successful but she finished fast in the last race. Faces very nice conditions here and meets much easier opponents now. Good chance. 8 Franklin Face never got a real chance in the last V75 race but looked nice and was not empty at the end. Will be interesting to follow for his new trainer. 7 Ibra Boko has earlier scored a couple of nice wins in Sweden. He prefers to compete in Sweden where the whip is allowed. He has to be considered here. 3 Fantasia Sisu has been matched against tough horses and been improved.
