Kempton is a right-handed, polytrack, flat, oval-shaped course with two loops. The inner circuit, used for races over five and ten furlongs is sharp and has a finishing straight of just under two furlongs, favouring the speedy, handy type, markedly so over the minimum trip. The turn on the outer course is more sweeping and the straight is approximately three furlongs long, making for a fairer test. Over both five and six furlongs, there is a relatively short run to the first bend.

TIMEFORM VIEW:

SUPER HIT has been consistent on the All-Weather and finished a promising second at Lingfield 9 days ago, settling better and finishing strongly. With good previous form at this course and distance, he looks poised to end his long losing sequence. Mbappe returns to a track where he's won before and should go well after being denied a clear run last time. Apache Green has been perked up by blinkers so is another to consider.

TIMEFORM VIEW:

GALISTRA represents a stable with an impressive win rate and, as a half-sister to a French winner over similar distance, warrants close attention on debut. Distorted Truth comes from a family with middle-distance capability and her trainer has an excellent record with newcomers. TIMEFORM VIEW:

Oisín Murphy takes the reins on CALIBAN for the first time and Andrew Balding's charge can turn the tables on last month's Wolverhampton conqueror Siouxfonic on these 5 lb better terms. Aethelthryth should also play a prominent role on the back of her promising debut at Chelmsford in November.

TIMEFORM VIEW:

SHALLOW is very capable when her mark dips into the 70s and might be worth siding with back from a short break. Her stablemate Your Love posted a good runner-up effort last time and is second choice ahead of last-time-out winner Handle With Care.

RACE 7

Going: **Standard to Slow**

Kempton is a right-handed, polytrack, flat, oval-shaped course with two loops. The inner circuit, used for races over five and ten furlongs is sharp and has a finishing straight of just under two furlongs, favouring the speedy, handy type, markedly so over the minimum trip. The turn on the outer course is more sweeping and the straight is approximately three furlongs long, making for a fairer test. Over both five and six furlongs, there is a relatively short run to the first bend.
