6 Hauan Stjerna has shown good shape recently in better races than this one. Faces good conditions and can open quite fast. Is normally the horse to beat. **4 Månin Lilja** met our pick in the last race, but galloped then. She has earlier done well for Eirik Høitomt. **7 Skaane Tora** has not been at her best in two starts after a layoff, but faces nice conditions here. **1 Torden Stjerna** has earned the least money but has quite good speed and is possible without a mistake.

2 Extreme Point galloped in the fight for the lead in the last race and lost 60-70 meter. Came back brilliantly though after a sharp finish. Is the classy horse in this field and has top chance without an error. **5 The Way I Talk Ås** won the last time when our pick galloped. Is the likely leader of the race, but will have difficulty to answer Frode Hamre's trotter at the end. **1 Epicure** is not bad at all, but faces tough opponents. **3 Blue Spirit** has been consistent and good most of the time.

Should normally be improved by that run under his belt and has top chance to beat these opponents. **5 Grisle Tore GL** has been matched in good companies. Should find it hard to beat our pick. **3 Alm Kevin** is back after a layoff. He did a lot of nice work last year. Tough to win this. **1 Stensvik Martin** is well drawn.

7 Bjørkejerv has scored three strong wins in a row and won in top time for this class in the last race. Won very easily from the lead then. Gets an offensive trip here too. Good chance to scored a new victory here. **3 Uberg Kos** was not at his best two starts back but came back nicely in the last race. A 5-year-old against older horses could be tough. **5 Torø Rasmus** has been consistent and good, even though he galloped last time. **2 Sundi** has not started for a long time, but this distance is an advantage.

1 Cabron could not hold the lead with this post in the last race, but quickly found his way out. From outside the leader the horse disappeared to an almost outstanding victory. If he just finds his way out, he should normally be the winner of this race. **2 Nelson Catch Me** did well as third behind our pick last time. Tom Erik Solberg is a very tactical driver, and maybe he will make it tough for the favorite here? **4 The One** owns good strength. **3 Just Perfect Sisu** has fine capacity.

1 Grand Design found room too late in a better race than this last time. Has shown starting speed behind the gate and is definitely the horse to beat from the lead. **6 Oksamit W.H.** took the lead after 700 meter in the last race and won easily. Slightly tougher opposition now, but has shown good strength. **3 Royal Tile** has not made many starts despite his age. Improved thanks to some equipment changes in the last race. **12 Kickback** is good, but poorly drawn.

5 Gompens Hønk got defeated from the lead in the last race but had to open up fast from lane eight that time. Gets another chance here. **2 Voje Dino** was the one who beat our pick in the last race, despite a tough trip on the outside. It is likely that he will have to do the job this time too, but is of course still an early choice. **8 Heimly Best** was heavily backed in the last race and got locked in then. Poor lane now, but should not be overlooked. **1 Faks Odin** is well drawn.

4 High Performance managed to keep the lead in the last race after a fast start and was brave. Is versatile and puts in really consistent and good efforts every time. **9 Lasse B.R.** has really found top form lately. Quick pace would be an advantage for him. **3 Caramel Volo** is the quickest starter here. If he is allowed to dictate the pace, he has to be considered early. **8 Patrick Palema** might be the best horse in the end.
