8 Burning Love EP earned the most money last year and has done really well this year without winning. Has a difficult draw but faces very nice conditions money-wise. Good chance. **5 High Performance** has already taken two wins this year and is better than the latest results show. His form is a question mark but normally he should be considered early. **7 Gautut Gardenia** won four of twelve races last year and has put in several good efforts. Needs a bit of luck here but is an early choice behind our favorite. **4 Grand Queen** won three of 13 races last season. Hasn't impressed this year and comes back after a pause. Mostly a place bet here.

2 G.G. Sin has a nice task here. He has already taken three wins this year and should take the lead from here. Won't be easy to beat then. **8 Mjölner Flaksen** has won eleven races in 26 starts. Is really good for this company but has not raced since December. Early choice anyway. **4 Magnums Valentin** won five of eleven races last year and is making his seasonal debut this year. He is a contender straight away. **3 Odspika** has put in four really good efforts this year and seems in good form. A bit tricky number here but should be considered very early.

3 I'monthephoto galloped twice in the last race as a big favorite but had taken three wins in a row before that. Is normally reliable and should have a top chance to take revenge. **4 Mo Salah** is good for this class and was not empty in the last race after an inside trip. Early choice behind our favorite. **1 Gaagaalicious** won from the front in the last race but we are not sure if he can hold the lead here. Should get a nice trip. **7 Ferret** took two wins in a row at the start of the season and finished well as second in the last race. A bit tricky number but has to be considered behind our winner.

8 Hå Lilja is constantly underestimated but has won three of the last four races. Is in top form and should not be overlooked again. **9 Erga Svenn** has put several good performances this year without winning. Came back nicely after a gallop in the last race and is an early choice if he avoids a mistake. **5 Birk Eldsvarten** hasn't won for a while but comes from two good efforts. Finished nicely as third and was locked in as fourth in the last race. Warning. **13 Nyströmen** hasn't raced for a long time but he has won six of 15 races so far and is certainly well prepared. Above all, he owns good strength.

5 Kolli Yx Odin was huge in the last race at Färjestad and could win a bigger race despite a gallop. With a similar performance he should of course be considered early. **9 Lykkje Proffen** started the season with two wins in a row. Comes from two strong third spots and looks in fine form. Early choice. **7 Kringelandisak** is probably the best horse in this field but his form is a bit of a question mark. He has galloped towards the end and needs to avoid a mistake first. Contender. **1 Flytroll Jaros** won comfortably from the lead in March and finished strongly after an early gallop in the last race, finishing second. Good form and interesting draw.

1 Jolin Southwind won four of 14 races last year. Has done well this season without winning. Will get a nice trip from here and is our pick. **6 Vicious** won from the lead in mid-March and will probably go for that position again here. Should be considered early in this fairly open race. **8 Intello de Corday** finished well as third in the last race. Won seven races last year and has to be considered despite a difficult draw. **9 Fammi** is better than the latest results show. Had energy left both three and two races ago and came back well after a gallop in a bigger race last time.
