10 Oddfax has good capacity and got an offensive trip in a very strong field in the last race which ended in a gallop behind the leader. Now he is going down a lot in class. **3 L.B.Lomen** did well in the last race and won very comfortably from the lead. The trainer is optimistic. **1 Komnes Fina** faces nice conditions and scored a good win two starts back, but just kept the pace in the last race. Possible but needs some racing luck. **4 Trollkjell** met very easy horses in the last race but was a quick starter and won easily.

2 Trönö Borken did not convince in the last race but has impressed otherwise. Some changes now and has a good chance from the front. **3 Guli Kasper** is developing well and was very brave against top horses for this class. Easier this time. The short distance is a question mark though. **11 Vejmo Kungen** has good capacity and scored a couple of really strong wins last winter. **10 Realsbo Wilja** won quite easily from the lead and faced good horses last Friday. Possible.

5 Klara Godiva is well-bred and deserves a victory. She got too fiery with a closed bridle in the last race but should lead all the way here instead. **1 Inside Edge** has galloped lately which is of course worrying but she has been matched in pretty good companies. Debut behind the gate. **7 Hearsay** starts tight now but finished with a win last Friday and was good with the first American bike. **8 Beforeyougoogoo** has one run under his belt and might need this race too.

3 Prinsessan Stöen is a bit up and down but she had a better day last time and fought very well all the way. American bike this time and that has been a clear advantage. **6 Sjöli Fryd** galloped a lot in the last race but finished brilliantly a bit behind Voje Lotta who is a top mare in Norway. She is fast from the start and the trainer sounds very optimistic. **9 Björgen** is normally a top horse but she failed in her last comeback race despite a nice trip and needs to be improved a lot. She has to be considered quite early anyway. **4 Ängsfanny** did not convince for the new trainer last time. Run under her belt now and probably new equipment too.

Quick starter and can lead this all the way. **7 Olivia Hazelaar** was involved in a tough fight for the lead in the last race before giving up and backing down behind the leader. Followed well. Quick horse. **13 Illusion Of Joy** has good skills and the horse has also competed a lot in the V75/V85. First ear plugs now. **10 Mastroianni** raced well in the V85 last autumn and was awesome last time. He has got a break and competes with shoes now.

Finds the lead here? **8 One Chance More** finished brilliantly in the last race but has got a longer break after that. **11 Versace Face** is the trainer pleased with. Faces a nice task here.
