7 B.W.Sture has scored the last six wins under the saddle. Jockey Jonathan Carre knows the horse well and has won four times together with him. Our pick. **8 Pave Faks** put in a couple of good efforts in July and comes from a nice second spot on Bergsåker. Ridden race now and if it works well the horse could be dangerous here. **4 Helle Spik** has scored four wins this year and three under the saddle. Emilio Leo is very gifted. They could be in the mix here without a mistake. **1 Sundbo Komet** galloped with 500 meter to go in the last ridden race. Has has otherwise been at least second under the saddle. In the mix here.

5 Gittans Angel won from behind the leader in the debut in Skellefteå in May on quite a demanding track. She won comfortably in the lead in June. Our pick if she handles the start. 7 Gonzo has been improved and done well for Bo Eklöf who scored three straight wins with him a short while ago. Faces a handicap but is the main challenger to our pick here. 1 Grand Duke was second behind an undefeated horse in the last race and won in the lead on Solänget in the race before. Nice number. Has to be considered. 2 Kasper D.Boko won together with Mats E Djuse earlier this year and they should not be overlooked without a mistake.

12 Tverdals Trippel made his debut over the long distance in the last race and gave up at the end. Back over the middle distance here and has scored all six wins over that one. 3 Vejmo Ester was defeated shortly before the finish in the last race. She has earned most money here and actually even more than the horses who faces a handicap. Early contender. 4 Tell Grimm won with energy left in Bollnäs and was outstanding in the last Bergsåker race. Has to be considered here with new driver Mats E Djuse. 13 Sol Storm never got a real chance in the last race but with a better journey he is possible here.

1 Self Explosive has done really well in this discipline and should have a good chance again here. The six-year-old has five wins out of seven starts under the saddle and is undefeated with this jockey after two efforts. 8 Pane Vino finished well to a second spot in the only ridden race this year. Scored two wins under the saddle last year and has to be considered behind our pick. 10 Malkin has won in the V75 with a sulky over all distances. Runs his second race in this discipline and was second in his debut under the saddle. 9 Aiming to Win finished well to victory in Boden in July. In the mix if he trots well.

6 Strangerinthenight won in the lead in September last year and showed in the last run that she is good from the back too winning her debut for a new trainer. She should be even better now with that race under her belt. Our pick. 2 Lupin Håleryd showed good skills this winter in the V75 but became a non-starter in February. She is good enough to fight for victory in this company. 5 Lollipop Girl is better than the latest results show. She has competed in the V75 lately and had energy left two starts back. 4 Avantis Red Witch won for Jenni H Åsberg in March and is an outsider here.

13 Vill Jerven won eleven races as a five-year-old and ten as a four-year-old. He wins often and comes from a couple of good efforts. Our pick. 12 Kalmar was very good as a three-year-old and put in a strong effort to finish fourth in Kriteriet despite a mistake. He ran only one start last year but is on the way up again this season and won the last V75 race. 2 Z.M.'s Jerven has scored two straight wins lately and has shown good form the last couple of starts. Has to be considered early. 9 Buska Blyg likes to be driven by Rikard N Skoglund and they could score their fifth win in a row together here.
