4 Evan Pepper has been brilliant scoring two wins in a row. Early choice here too. Our pick. **2 A Perfect Match** has the right attitude and has impressed every time, although it has been in easier companies. **5 Express Go** is unbeaten after five starts and is getting better and better. Tougher opposition now. **1 Atomic Pepper** has not been able to challenge our pick and stable companion in two consecutive starts. However, he is gifted and should not be completely discounted.

7 Nikita B.R. has faced tough opponents most of the time lately and done well. Should have a good chance here. **6 Chanto Victoria** is really strong for a race like this and will be in the fight as long as she finds room from this inner lane. **3 Lazy Lane** took a nice win in the last race after a couple of mediocre efforts. Is a real winning machine who should always be considered. **2 Peyton Sawyer** meets somewhat easier horses here and faces nice conditions.

13 Baias is one of Norway's better cold-blood horses and has put in decent efforts lately without winning. Tricky lane here but he's still an early contender. **10 Holter Odin** has two wins in a row and is in top form. Has to be considered early. **6 Hulte Adam** has very good form and is the best horse in the first circle. **7 Fyri** scored a good win in the last race but faces tougher opposition this time.

3 Bold Eagle Sun had his winning streak broken in the last race, unfortunately after a gallop. The horse has really impressed and from a perfect draw and against suitable opposition he should have top chance. **9 Monalisa B.R.** does well most of the time and is an early challenger to our favorite. **12 Excalibur Gene** has a poor starting position but is possible in case of over-pace. **5 Imperator Godiva** is tough and strong. Early contender behind the favorite.

14 Charron never had a real chance in the Elitloppet. Completely different type of task now and as nice as the horse has looked this year, he should have a good chance to pass them all. **15 High On Pepper** has not impressed in the last few starts. Owns good strength and is a good fighter. **7 Jonte Godiva** comes in good form, even though he has galloped in two straight starts. He is 40 meter ahead of the main rivals. Possible. **11 King Okay** was nice barefoot in the last race. Interesting.

4 General Japp does well most of the time and should never be discounted. Perfect starting position and somewhat easier opposition compared to last time means that the horse is the front runner here. **8 Briskeby Pilen** is perhaps the one with the best capacity in this field but he has a poor lane. Can do it tough and is strong enough to win. **1 Alm Nordstjernen** was very nice in the last race, but it is questionable how he will handle this inside track. **2 Prins Villiam** has very good form.
