2 P.G.Persson has really developed nicely this year and won in the V75 in the last race. This time the horse is driven by the owner/trainer, but they have been successful together before. A perfect lane should mean a good chance of taking the lead and once there he is the horse to beat. **10 Resilient Reddington** is the main challenger in terms of capacity. Has good capacity and will be tough to resist at the end. **1 Kind Of Blue** is alright, but has got a tricky number. **11 Thai Mississippi** uses to sprint fast with the right journey.
