7 Valkyria K. has done well lately and is our pick here. She has run four races together with Magnus Jakobsson and been at least second. They have scored two victories. **3 Apple Rose** was unlucky in the final turn in the last run but when she found an opening she finished strongly on the home stretch. With the right journey she will be dangerous here. **9 Queen of Trixs** faces easier opponents than she uses to and has to be considered early if she avoids a mistake. **6 Frequency Am** should not be overlooked with this new driver.

11 Tyes Garfield won from the back in the seasonal debut on Färjestad and opened fast to the lead when he won two starts back. Likes to attack from the back and is our pick. **12 Feelgood Pepper** had energy left three starts back fourth up and finished to victory in the last run. He has to be considered early. **7 Centurion B.** is not reliable and could break but without a mistake he has to be followed. **1 Ceasarion Marcesi** can open fast and likes this number behind the gate.

Our winner. **1 Hera Sisu** won two races together with Carl Johan Jepson at the end of last and the beginning of this season. Is well drawn and the main challenger. **3 Gitane d'Inverne** scored a good win two starts back and has to be considered if the favorite would fail. **7 Golden Evasion** was second on Åby in November in 1.13,4 and put in a good effort.

2 Beckham was heavily backed in a couple of starts in November but galloped then. Debut for a new trainer in the last run and scored a good second spot. Our pick. 11 Son Hugo Pellini is poorly drawn but he can finish well when he is at his best and has to be considered if he is as good as two starts back. 5 Bucefalo Gielle put in two good performances on Jägersro in November and scored a first and second spot. Was good in the last run too and has to be followed. 4 Chang has been a bit better than the results show.

1 Mirakel Håleryd galloped on the way to a good result on Solvalla in December and galloped also in the debut for a new trainer two starts back. Won in the front in the last run though and could lead this throughout. 9 Smokey Herman won in a fast time in October and is good enough to go around all opponents here if he avoids a mistake. 11 Stud Muffin won the debut as a three year old and has scored 20 more victories after that. He does not win that often anymore but should not be overlooked. 6 Cayucos is an outsider when he is at his best.
