7 Amazing Khan has won four of six races and is coming off two wins in a row. He won as a big favorite in the last race and should have top chance here too. Banker. **5 Valentina** has won three out of ten races. She gave up from first over in the last race but had put in several good performances before that. Early challenger. **8 Brostile R.** has a poor lane but sprinted really well to a second place in the last race and seems in good form. Has to be considered behind our favourite. **6 Kiwi Bobcat** is consistent and good and can be at least a place bet in this field.

3 Haugestad O Sole Mio has put in several good efforts of late and took a well-deserved first victory last time in the 29th start. Our pick here too. **1 Hellestedt Kongen** galloped under pressure in the lead in the last race but then got locked in over the finish. Is better than the latest results show and should be considered early. **2 Lilja** took a bit of a lucky win in February. Has galloped after that but got locked in last time and should not be overlooked here. **5 Nordly Loke** is perhaps the best horse and earned the most money last year. He gave up from the outside of the leader in the last race but has a run under his belt now.

1 Secondstartotheright has a very nice task here. She is fast from the start and is our close favorite for the lead. Good chance over the short distance. **4 Nore'n** opens very fast and challenges for both the lead and the win. The horse has not started since October though and may need this race. **5 Arya Star** was closely defeated from the lead as a big outsider in the last race and put in a nice performance. Possible here too. **6 Stepping Moneygirl** has been heavily backed but not quite lived up to the expectations. Has two runs under his belt and is good enough to fight for victory.

2 Vik Tor gets the tip in this tricky race. Got an inside trip in the last race and never found room. Good lane and took four wins last year. **7 Fantus** has put in three really good efforts this year. He has got a tricky number but is an early choice with the right journey. **9 Bjönnum Oda** got a bad start in the last race and never had a real chance. First and second before that and should be considered early on . **1 Haugestad Ödd** was really good at the start of the season but his form is a bit of a question mark now. Should get a nice trip from here.

5 Clubber Lang earned more than half a million SEK last year and is better than the latest results show. Has a good lane and is an early choice in this company. **4 Petite Papillon** had a good season last year and is coming back after a layoff. He is also well drawn and should be considered early. **3 Laureen BR** won at this track in January and comes from a nice second place. One of many contenders in a fairly open race. **9 Gimmefive Ravin** makes his debut for Alexander Heisholt and that is a quite exciting. Needs a bit of luck from this lane and hopes for quick pace.

5 Ramstad Stjernen has put in several good efforts at the end without winning. He deserves a victory and we have a lot of faith in him here. **3 Askeladden** galloped in the last race but came back brilliantly as fourth. If he avoids a mistake this time he is possible in this company. **1 Ask Titan** kept up the pace quite well as fifth in the last race. Two consecutive second places before that and has an interesting lane this time. **8 Neslands Gnist** is clearly better than the latest results show but has galloped towards the end. Terrible draw but should not be forgotten here.
