**4 Neil Charisma** has shown the right attitude on Swedish soil and has now scored two wins in a row. Crebas' 5-year-old is very good for this class and should lead this from start to finish. **9 Qojak V.W.** made an impressive comeback when he found the lead immediately despite a handicap. He was challenged at the end but put in a strong effort to win. **10 Timecatcher** won in convincing style but also in a fairly easy race. **6 Bring Me The News** should have moved forward by the last run under his belt.

## RANK

**4 Aske Balder** is consistent and likes to race in Sweden. Last time at Årjäng he found the outside of the leader with 1200 meter to go and was outstanding. With the right journey he should have top chance again. **1 Asakstjerne** comes with poor results but faces nice conditions in this race and has the speed to challenge the favorite. **3 Allie Ö.K** shows good form and could be even better now with tight starts - Jepson! **12 Jerk Spik** has great capacity but is not reliable.

**RANK**

**4 Millesime Wine** has put in a couple of decent efforts lately and kept up the pace well from far behind in the last race. Here she faces nice conditions and is better drawn than the main rivals. Jepson this time. **12 Estrella Leon** has not won a race yet but this could be his turn. Is good for this class and will pass many opponents here. **6 Intercooler** is not bad for this class and with two runs under his belt the form should be on the way up. **11 Unicon** is a bit slow and benefits a lot from this distance.

**RANK**

**7 Fantus** has not been at his best lately and got a break. He has good capacity for his class and without a mistake he should have a good chance to win in a wide open cold-blood race. **1 Hassli Dina** has not won yet after 27 starts. Very nice task here and should be considered. **10 Teaknekten** was clearly improved by a run under his belt before the last race. **13 Tryll** is consistent and good and normally in the mix here even though the form is hard to predict.

**3 Pearl Silvio** has got a short break but is working well and tough for this kind of race. She has not been in a circular start for a while but has earlier done well and should handle it. Our pick. **5 Rolyman** got a tough journey outside of **4 Iode De Vauville** in the last race and after a slow first lap it was inevitable that these two would fight for the win. They are on the way up and the latter horse opened fast from a tricky number in the last race. **2 Sommarflörten** is consistent and belongs to a stable in fine form.

**7 Miss Lynx** scored an easy win in the debut for a new trainer but made a big impression. With that run under his belt her form should be improved. Should reach a nice position and has shown that she can do it tough. **5 Kapucine D'Inverne** is matched in tough fields and is stepping down in class. If she handles this number, she should have a good chance of challenging for victory, although she does not win very often. **4 Syrah** has been consistent and the Goop-trained horse uses to be in the mix at Åmål. **9 Vikens Dobetter** got locked in for a long time but showed good form in the last race.
