**3 Younameit** had a good season last year and took five wins. He is a quick starter and our favorite for the lead but in the last race he won from the outside of the leader. **2 Oak L.A.** has a good draw and can open fast. Won from the lead two starts back. Will probably get a good trip. **7 Luckpenny Wine** took the lead after 200 meters in the last race and won very easily. Looked nice and is driven by Ulf Ohlsson again. **6 Winchester** has put in a couple of good finishes at the end and will soon score a victory.

**3 Svenne Express** had a pretty nice season last year and has been consistent and good at the end. Comes from two second places. Our pick. **4 Vännfors Sessan** is one of the best horses here but she hasn't raced for a while. She is probably well prepared by Mats Gällerstedt. **6 Källsjöloke** surprisingly defeated our pick two starts back and can do so again. Stefan Johansson is driving again. **8 Sinka Ö. K.** didn't win a race last year but really deserves a win after several good efforts.

**12 Soccerbox** is our idea in this race for mares. She took six wins last year and earned by far the most money. She sprinted really well as third in the last V75 race. **6 Full Speed Forward** also had a good season last year. Has been consistent at the end and is now driven by in form Ulf Ohlsson. **10 Sunlight** was superior in the last race but has had a break since then. Could need this race. **9 Sensitive Tile** is clearly better than the latest results show. Was fourth in the V75 in October and finished quickly to a second spot in the race after that.

**11 Annuncio Helvin** gets the tip in this tricky race. Earned the most money last year and likes to be driven by his trainer. **7 Gustaf Avenue** won directly after the layoff last time against easy opposition. Run under his belt now and Ove A Lindqvist. **9 Duke** was second with today's driver Ulf Ohlsson in November. Good for this company but the lane is not easy. **13 Powhatan U.S.** was trained by Daniel Redén last year but has now made two starts for his new trainer without convincing. On the way up now?
