She has started this season with two more victories and faces quite easy opponents here. 2 Go Peppergirl seems in good form and has three straight wins. Quick starter and could find the lead. 6 les Elisabet has recharged the batteries after a winter in France. Comes from a good win under the saddle and is on the way up. 7 Breeze won in the V75 this winter after a quick finish. She faces nice conditions money-wise here but has got a break and might need this race.

3 Nyko faces tough conditions money-wise but has shown great form lately and comes from a nice victory after an offensive journey. Good chance. 1 Olsims Ragnar failed in the last run but can do better. Tighter starts now and this short distance is an advantage too. Prefers to run in front. 6 Teknopys is strong and looked nice in the last run after a layoff even if he got defeated on speed. Should be improved by that start. Is tough. 10 Laggablixten has earned a lot of money this year and improved a lot. Dangerous without a mistake.

Many horses without a chance to win this. 9 Andarnas Patron have we been waiting for and after several nice performances lately he deserves a victory. 4 Lome Hilda is fast and likes this distance. Has shown good form lately and should be improved by the last run. Early contender. 1 Pannemanne has also been close on several occasions lately but scored three second spots within a short period. It is soon his turn. 7 Läckra Lukas is fast and will be interesting to follow for new trainer Jan-Olov Persson. This short distance is an advantage.

9 Kavaleren has scored a couple of wins during the spring and is back in good form again. Was strong on Solvalla too against very tough opponents two starts back. Good chance without a mistake. 8 Wolt looked very nice in the last run and is improved. Has very good skills and will soon score a victory. 7 Kalmar did not find room in the last V75 race but scored two nice victories before that. If he trots well he will fight for victory. 4 Dellenit has been competing a lot but has become even better lately and this full distance is an advantage.

5 Sandsjöns Avicii has four wins in six races this year and is very interesting for the new trainer this season. He is tough and uses to get offensive journeys. 4 Wittgenstein has done everything right and won all four starts. Seasonal debut now but should be considered. Is tough. 7 Roberto U.R. started with two straight wins after moving to the northern part of Sweden. Showed great speed after a mistake in the last V75 race too. 14 Knockout Keeper finished well to a close defeat in the last run and has been on the way up lately.

7 Everglo Lemon won in the V75 last winter and showed great skills. He lost his fine form and had to recharge the batteries after the spring. Nice task now and hard to beat. 11 Coffey scored a tough win two starts back and has met strong opponents for a while now. This number is a handicap. 1 Icicle Am has a couple of wins in the lead this year and uses to improve in front. 5 Miss Mighty has one run under her belt now after a layoff. She did not impress from far back in the last run but should be improved now. Outsider.
