Volt 2100

**RANK**

**11 Kagge Ty** has won six of 14 races and is coming off a superb victory from the lead. Different number now but could get an offensive trip and should have a good chance again. **7 Pirakles** took a great win at Bjerke in April and finished fifth as recently as last Tuesday at the same track. Is good for this company and will be challenging. **4 Skar Loke** won six out of eleven races last year but hasn't really been as successful this season. Probably best in the first circle and could possibly make it to the front. **9 Kjölstad Fröyd** won easily at Bjerke in April and with a similar performance he should not be overlooked here.

**RANK**

**10 Valentina** is the best horse in this rather weak race. She has been very consistent and good towards the end without winning but deserves a victory now. Good chance despite this lane. **7 Nonstop Bonanza** got locked in with a lot of energy left two starts back as second. Has a bit of a tricky number now but should be considered early on. **5 C.C. Hammer Time** has only one win in 32 starts but is not bad and has a good lane behind the gate. Should not be discounted behind the favorite. **11 Larissa BR** finished quickly as third after an inside trip two starts back. Galloped in a bigger race last time. Will compete with a bike this time.

**RANK**

**12 Kolbu Sjarmör'n** took three wins and seven second places last year and is the best horse in this rather weak race. He returns after a long layoff and has a difficult lane but is our pick anyway. **9 Lens Mann** is quite consistent and good and an early choice in this field. He has a tricky number though and needs a bit of luck. **2 Lodins Gjenstridige** got a bad start in the last race and never had a real chance. He had done really well in several races before and is ideally drawn. **3 Hasslinora** was second in her comeback in the last race and was only closely defeated from the lead. Should be improved by that run under her belt.

**4 Kringlers Attila** galloped from the start in the last race but won comfortably from the lead two starts back. Will probably go for that position again and has a good chance in that case. **7 Ramstad Stjernen** has shown consistent and good form of late without winning. Is good for this company and should be considered early despite this handicap. **3 Solan R.S.** didn't win last year in 16 starts but sprinted to victory from far behind in an over-paced race last time. Possible here too. **8 Smedsjur** earned the most money last year and is better than the latest results show. Outsider.

**8 Petite Papillon** is poorly drawn over this short distance but we still believe a lot in him. He was second in a bigger race last time and has shown good form towards the end. Easier opposition now. **1 Lobella** won only one race last year but earned the most money in this field. Should get a nice trip from here. The form is a question mark. **9 Thai Mississippi** just kept up the pace in the last race but has otherwise done really well this year without winning. Hopes for quick pace from here. **6 Hero Boom Bay** comes from a good effort as fourth. Improved by that run under his belt. Should not be overlooked.

**9 Kentucky Field** won closely from the lead in his last comeback and should probably be even better now. Has a tricky number but is an early choice here. **4 Shakeitoff** has been very consistent and good at the end without winning. He has a better lane than at the end and should be considered early. **5 She Wolf** won comfortably two starts back and is competing barefoot again now which is a clear advantage. Good lane. **7 Tasty Tile** won seven races last year. Won from the lead in April but has a tougher lane now. Was close to a second spot in the last race.
