3 Azzurra Pisana makes her debut for a new trainer here and will be interesting to follow. Was outstanding after an early lead two starts back and has good capacity. 2 One Deep Valley has one run under his belt and finished well then to a second spot behind Power Lane. 6 Black in Black galloped in the first turn in the debut for a new trainer. Got an offensive trip after that but gave up after an impossible journey. 4 Anxious to Matters has good speed and if he would be at his best he is possible here.

5 Cavalleri scored a very nice victory in the last race after a journey from third on the outside. Should normally have a good chance again here. 7 Andover Heaven never had a real chance in the last elimination heat to Swedish Kriteriet. Much easier opponents this time and will fight for victory. 10 Capuchin has been consistent and good lately and is in fine form. In case of quick pace he should be considered. 6 Mezzio V.M. is a quick starter and will go for the lead again just like in the last race. She has to be followed as well here.

3 Pere Ubu has been a non-starter twice and the form is a question mark. Normally he would have had top chance here but the chances are a little bit hard to predict now. 1 Kick the Dust Ås is the main challenger. Can open fast but is good regardless the journey and is the main challenger here. 10 Romero has got a tricky number but this small field is an advantage. 2 Taxi Out does not win very often but is consistent and good. Perfect number and early contender.
