12 Skeie Max has earlier done well in Sweden. Last year he was second despite a mistake and this year he has won both starts in Östersund. Our pick. 1 Fandens Khaleesi set a new record when she won two starts back. Reached the front from behind the leader when the latter one galloped on the far stretch. Won comfortably then. 2 Mineld has done well lately and was third in the lead in the last run. We think he will be in the mix again. 3 Melinda is better than the latest results show and can open fast.

4 Donna Diesel scored a good win in Oviken two starts back and won comfortably in the last race in Hoting despite a tough journey. 7 Gabriel Barsk was not at his best in the last run but has earlier done well this year and scored a good victory last year. Early choice in this company. 8 Everest has been improved lately and if she develops well she will soon score a victory soon. Maybe already here. 1 Lina Tooma put in a couple of good effort during the summer as a six-year-old and with a similar performance she should be followed here.

6 Jack J.E. has scored two good wins lately. Two starts back she did not like the low pace and in the last run he won despite a handicap. Should have a good chance to win this. 11 Kalaxy Boko is an early choice in this company if he is at his best. He has only started once this year though and might need this one. Should be improved though. 12 Kohinoor Boko likes to attack from behind and with the right journey she has place chance here. 2 Livinlikeaprincess was second in the last race in Hoting and showed good form.

12 Even's Cool Boy won on Umaker in June and was fourth on Dannero two starts back after a quick finish. He showed good form in the last run and has a good chance to win this. 3 Cantab G.T. won in the lead with this driver during the summer last year. Is well drawn and should be improved by the seasonal debut. Early choice behind our pick. 11 Happy Confess has started under the saddle lately and won in Lycksele. Has many sulky wins too though and should not be overlooked. 2 Kattis Palema has two runs under her belt and can open fast.
