3 O.K.Nalan has developed well as a four- and five-year-old and is strong. Has won half of the starts and should have a good chance to score the twelfth victory. 6 Kahlua Bishop had a good season as a four-year-old and won six times. The six-year-old has scored three more wins the last couple of season and won two starts back too. Good place chance. 2 Glace au Four finished quite well to a third spot in Skellefteå in July and comes from a good win in Boden. She will fight for a place here. 8 Davy Jones Sisu got a defensive trip in the last race and finished to a second spot. In the mix again with the right trip from the back.

5 Hornnes Tore did not win a race until the summer as a ten-year-old. He has run two races for trainer Sandra Eriksson. He first won in Skellefteå and comes from a second spot in the lead in Boden. Our winner with a similar performance. 10 Guli Orkan had not raced for a while when he was fifth in the last Umåker race. Should be improved by that run and this distance is the right one. Early choice. 4 Tåga Odin put in a good effort after a mistake in the last race together with Per Gustafsson. The horse has earlier won over this long distance. Contender. 8 Kalltekla is good enough to fight for victory without a mistake.

4 Liquify'em has won two races in the lead this year and she faces nice conditions here if she avoids a mistake this time. 2 Honky Tonk Angel started this year well with two wins and two second spots. She likes this starting method and has to be considered. 1 Magic Caviar won in the lead in June despite a pause. He has been a non-starter again after that but this number is nice. 7 Highly Lovely has got a tricky number but can open fast and with the right journey he will be in the mix here.

7 Kong Henry came back strongly after a mistake four starts back. He finished second and would otherwise certainly have won. He has shown good form lately and comes from victory over this short distance. 5 Björlifant has only run four races this season but showed in the last race that he is on the way up. This distance is not an advantage since his twelve wins came over longer distances. He showed good speed in the last race though. 2 Thess Prinsen has scored two wins over the short distance this season and this distance is the right one. Contender. 1 Torpa Pål comes from victory over the short distance and this number is perfect.
