3 Oppgårdsdrängen has made four starts after a short layoff and the last time the horse was really nice and won. Good chance of winning from a nice draw. **7 Grislefaksen G.L.** has been strong most of the time lately. Early contender with the right trip. **8 Frivoll Gorm** is capable but not completely reliable. Challenges without a mistake. **9 Blomsterprinsen** needs some luck from here. Place bet.

1 Django Silver has been extremely good under the saddle and shown time and time again that he is one of the more exciting names in this discipline for the future. Undefeated in four ridden starts this year and normally a fast starter. Should be considered early. **2 Conrads Palle** has three runs under his belt after a long layoff. Interesting start to the season in Sweden. **3 Västerbo Blizzard** has done well under the saddle but needs to bounce back from a mediocre performance in the last race. **4 Gasparito** was third behind our pick in the last race.

Showed good starting speed then and is the main challenger. **8 Ki Ti Vi** is in good shape and is possible too but needs some racing luck. **2 Born In Sweden** looked in good shape in the last race but found room late and had energy left at the end.
