3 Hard Center got locked in with energy left last time at Solvalla. The seven-year-old can open quickly and regardless of whether he gets the lead or not, he should still have the best chance to win this race. **5 Kosgi** has got three races run under his belt after a break. He is getting back into form and would benefit from a high pace. **6 Matadore** is quite a good sprinter and if he puts in a normal performance he could be in the mix. **4 Barnacle** got a run under his belt in the last race and will be improved to this race.

3 Prins Herakles has won two of the last three starts and looks to be improving with each start. This looks like a very nice task for the five-year-old. **4 Norheim Prinsen** owns nice speed resources, but has galloped in three of the last four starts. Early choice without a mistake. **5 Januar** won by a wide margin two starts back - which was the first of his career. He was ahead of Norheim Prinsen last time, but then the latter one had a gallop. **8 Braastad Kompis** was third in the last race with only four starters. Early contender behind the favorite.

6 Olympic Show galloped shortly after the start in the qualifier but looked strong afterwards. Can probably set an 18-time straight away in this debut and that should be enough. **8 Shez Her Last** gave up at the end in the last race. Got locked in before and has the speed to fight for victory if avoiding a mistake. **4 CC Go Ga** looked nice in the qualifier in September and put in a fast finish. Has to be considered straight away in this debut. **10 Lucky Gaagaa G** got locked in last time but sprinter quite fast then. Outsider despite this tricky starting position.

6 Kul Stilling found the lead in the last race and disappeared to an easy win. Leading position again and from there the twelve year old is the horse to beat. **2 Sigge H.R.** never had a real chance in the last race. Beat our pick in September and faces also 20 meter better conditions this time. Early challenger. **8 Keiser C.K.** did alright over the long distance in the last race. Better conditions now and is an early contender in this race. **7 Tjomsensin** is consistent, but here he is mainly chasing a podium finish.

12 Tiger Tile has a bad starting position, but this is a good horse for this class. Owns good speed and should have top chance. **8 Go Go Knick** has won three races after a layoff and is starting to get closer to top form. The main challenger to our pick. **5 Siv Afrika** did not like the track last time. The mare is a quick starter and should reach a good position. Could cause a surprise. **4 Rise N'Shine Vixi** is consistent but does not win very often. Just an outsider here.

1 Heidi Halbak got a nice trip in the last race and won comfortably at the end. The mare is quick behind the gate and will now be driven in the lead. Should have good opportunities from there. **8 Kerwin Pasel** was good two starts back and with a similar performance now, he will be in the mix. **5 Martinique Decoy** has not started for a year and even though he might need this race to be in top form, he should not be underestimated. **7 Aperfectcandy** never got a chance in the last race but can do better than that.
