11 High On Pepper returned after a long layoff in the last race and did alright as second. Certainly improved by that run under his belt and has shown time and time again that he is extremely good during the winter months. Perfect conditions and good chance. **5 Sir Heartbreaker** has scored two really nice wins in a row. Tougher now and will compete with a ordinary sulky. Still an early choice. **3 Rock Solid** scored a very good win in the last comeback race and will probably be even better now. **8 Xanthis J.R.** is in top form.

Our pick. **2 Steady Roc** has been very unlucky lately, but still put in strong performances in almost all starts. Well drawn now and could take the lead. **4 Pure Atlas** is not reliable, but has high capacity for this class. **9 Blue Boy Face** is really good for this company too.

2 Alvena Roy likes the winter period since he always races with shoes. He is a quick starter and as the favorite for the lead, he should have a good chance here. **1 Orosei Boko** has finished strongly three times in a row. Got a very wide final turn in the last race and couldn't reach Alvena Roy. Chases revenge now. **3 Parish Crooks V.S.** has shown good form in several starts. Tight starts now and should be considered early. **10 Clodrique** is possible too but needs some racing luck.

6 Francesco Zet is a world star who should be the big favorite here. Especially considering that he could find an early lead. However, his form is a bit of a question mark. Our winner anyway. **7 Clarissa** beat our pick in the last race from the lead but she has a lane on the outside now and will probably not be able to get past him from the start. She has to compete with shoes now, which is the first time in Sweden. **3 Phoenix Photo** is almost guaranteed the pocket and has a run under his belt. **4 Demon** is looking better and better.
