2 Pete Baldwin did well in his first start for the new trainer in the last race. The four-year-old is a quick starter and from the lead he is undefeated on Swedish soil after three attempts. Our pick. **1 Gordon Kronos** comes back after a pause and even though he is not in top form yet, he should be considered early. **5 Behind Hotshot** couldn't handle the circular start in the last race. Better conditions this time and with the right trip from behind the mare has to be followed. **4 Izzy Zet** is often in the mix and should primarily be seen as a contender for a place bet.

2 Önnes Tekno has shown top form lately and comes with two wins in a row. Good chance again. **5 Ragnar W.** likes these conditions and has taken two of three wins together with Marcus Lilius. Early choice in this race. **3 Tangen Julius** has won two out of five races for new trainer Niclas Torstemo. Mats E Djuse again and the six-year-old will lead the race for a long time. **4 Söyset Norah** is consistent and good and should be followed - especially with the right defensive journey until the home stretch.

8 Djuse made his debut for his new trainer in the last race and was clearly positive. He has probably made some progress with that run and is facing a nice task here. **1 Myrsjös Qarin** faces good conditions in this race and from a perfect starting position the mare could very well score a victory here. **2 Mercury Mearas** reached the front from a similar number in the debut and if he gets there again he will lead the race for a long time. **3 Bumblebee Mi** has been on the way up lately and should not be discounted with the right journey.

5 Hade Tur got a break after the last race but if he is anywhere near the effort he made two starts back, he will be hard to beat again. **9 Lundåsens Linus** won despite a tough journey in the last race. The five-year-old is in top form and the main challenger to our pick. **10 Önnes Jerven M.M.** is not completely reliable, but if he has a good day he can surprise. **3 Trönö Borken** will probably take the lead and in that position he has scored the only win of his career. Will lead the race for a long time.

7 Guli Sanna was third in the Derbystoet last year. Probably gets an offensive trip here and if she finds an early lead in the race she will not be easy to beat. **10 Sjö Kosa** maintains her nice form. Has won one out of three over this distance and should have a good chance despite this number. **3 Sol Bris** has a nice starting position. The mare needs a defensive trip and if she is fully fit she is good enough to fight for victory. **11 Kjempa Re** has not convinced lately but can do better than that.

6 Elmer Wibb has not won since April last year, but he is in fine form and with the right journey he is one of several horses who can win this race. **2 Game Of Trot** has shown fine form and should be considered early from an appealing starting position. **3 Danilo S.H.** likes to run in the lead where six of his total seven wins have been taken. Offensive start there and goes for the front. **8 Bounced** is strong and can do it tough. Should not be discounted despite a difficult starting position.
