Auto 2140

6 I.D. Duke of Lords has scored many wins under the saddle lately and should have a good chance to the fifth victory in a row. Has won easily without being empty. Good chance again. 1 Je t'adore failed as a big favorite in the last run. Scored a couple of nice wins before that and she should fight for victory. 5 Agnes U.S. is consistent and good both in sulky races and under the saddle. With the right journey she could be in the mix again. 9 R.S. Dream is a little bit better than he showed in the last run. Outsider.

4 Hassel Hera is a bit up and down. She won in a new record two starts back and with a similar effort she should have a good chance. Is better than shown in the last race on Bjerke. 3 Øygard Ronja is chasing the first victory and has shown quite good speed for this class. Early contender behind our winner. 7 Luna G.L. scored a strong second spot on Forus on December 9th and looks more strong than speedy. Could defeat many opponents here. 6 Torderud Jærva has galloped a lot lately. Is fast for this class when she lives up to her capacity.

2 Zaire Heldia scored two very convincing wins in a row for the new trainer in October and November. He should stand the long distance and is our pick even if he failed as a big favorite in the last run. 8 Alegrito won over 2900 meter two starts back and stands this distance. Should be improved by the last run under his belt. 1 Thai Vermont does not always trot well but two starts back he finished strongly to third. 9 Charleston Volo has not convinced lately but was a bit improved in the last run again. Outsider.

Is trotting better now and should be considered early. 3 Ramstad Stjernen has not started since August. Nice number and possible directly here. 6 Trolljerven won despite a short mistake and a trip from outside the leader in the last run. Should be followed here.

8 Daim Brodda has not been even close to get defeated in both starts so far. Poor number now but could find the lead here with an offensive journey. 9 Princess Philippa is also promising and has two wins in two starts. Has been a non-starter after the last run though. 5 Zero Hugs'n Kisses has very good speed but she is a bit up and down too. She has to be followed. 3 Mister Madrik won in the lead two starts back. 11 Stumne Fyr comes from a very convincing victory in a V75-race on Bollnäs. Won easily in the race before on Bjerke and is in great shape. Top chance despite this handicap over the short distance. 2 Bjørn Bork has shown good form lately. Is ready for a new record over the short distance. Early choice behind the favorite. 4 Kinge Svarten is consistent and good. Won with energy left two starts back and should be in the mix here too. 10 Troll Solen likes the short distance. With the right trip from the back he will fight for a place here.

11 Rouge Tile is probably the best horse in this company. She got locked in with energy left two starts back and did alright in the lead in the last run. Nice conditions money-wise and good chance despite this number. 2 Xanthis Galaxy has been consistent and good lately. Can open fast and is well drawn behind the gate. In the mix here. 5 Snap Attack galloped in the last run and never had a chance after that. She is quite good for this class when she lives up to her capacity. 12 Eminent Slide never found room at the end in the last run. Could defeat many opponents with the right journey.

Lovely Comers won easily in the lead in the last run. Tricky number outside of a couple of fast opponents. Outsider. 9 Boh Erre has been a non-starter after the last run. 4 Snappy Lizzy is our pick in this tricky race. She is a lot better than the last results show and is well drawn behind the gate. 3 Thai Dakota parked outside of the leader with one lap to go in the last run and was quite brave. Consistent and good and could score the first win of the year here. 12 Bravestile would probably have been our pick with a better number. Is gifted but needs lots of racing luck now. 1 Felix Light is one out of many outsiders. Scored a good win on Momarken in August.
